

## List of local colleges and contact details

This list may be useful if you would like to contact other colleges and explore courses available. If you have completed 2 years at BHASVIC and under 19 when the course starts, you may be eligible for a free third year at another FE college where you could gain equivalent to 1 A level in a year. If you have completed 1 year at BHASVIC and wish to move to another college, you may be eligible to 2 more years of free further education. To gain UCAS points, it needs to be a level 3 course that is equivalent to an A level in a year. Please speak with FE college course advice or admissions directly to check this. Note: This information is up to date at the time of printing but you will need to speak with individual colleges about courses/apprenticeships on offer. Clicking the logos will take you to the college's website.
