## A & AS Level Exam Results - Summer 2019

#### This guidance covers what to do if you are considering:

- 1. Requesting to see a copy of your exam script
- 2. Requesting a review of the marks you have been awarded for an exam
- 3. Requesting to retake one or more exams

### AS/A Level Results Day is Thursday 15th August 2019

Your exam results will be live on your Student Advantage profile from 8am

The college will be open from 9am for you to collect your printed results in person, if you would prefer.

Student Advice services will be running from 9am on Results Day and running until the end of August, including advice for:

- University places
- Retakes and requests for a review of marking

The main focus of this service is to support students who have not passed exams or who need support with university places. Please be aware that there will be very limited advice on the reasons behind results achieved or whether students should acquire their scripts, request review of marking or retake exams. This advice is best given by teachers who return to College and consult with students in September.

#### Linear A level results.

These only include an overall grade and do not include marks for individual papers. If you wish to see a breakdown of individual exam paper results BHASVIC will provide this to you in person on results day in the Sports Café. From 16<sup>th</sup> August (the Friday after Results Day) you can email <a href="mailto:exams@bhasvic.ac.uk">exams@bhasvic.ac.uk</a> with a request for the breakdown of your component results, but these requests will not be a priority and will be dealt with as soon as possible. The college will not be able to provide a breakdown of results to you by telephone (due to identity verification needs) or via your Advantage account (because exam boards do not provide the data in a form that can be entered into a database).

Most colleges will not be providing a breakdown of component marks to their students at all, in line with expectations and guidance from exam boards. However, BHASVIC are providing this despite the lack of support or usable data from exam boards. We ask that you therefore please be patient and understanding with any requests for this information from us.

#### Request for a review of marks or copy of script

If you are considering requesting a review of marking because you are dissatisfied with your examination grade, please bear in mind the following:

- Consider your predicted grades, ongoing assessment provided by your teacher(s), mock exam results and any
  advice or expectations you had about what you were realistically going to achieve. If your result is way off
  what you expected and how well you think the exam(s) in the subject went, then you may be right to consider
  a review of marking.
- Exam boards will only change a grade due to **errors**, or if marking is **out of tolerance** when reviewing papers. **Reviewers will not re-mark scripts**; the service is a post results review of the original marking to ensure that the agreed mark scheme has been applied correctly. Adjustments will not be made due to minor differences in professional opinion (e.g. slightly firmer or slightly softer marking).
- Your marks could be lowered following the outcome of a review and your overall grade could go down.
- Requests for a review of marking is expensive (see below).
- Grades awarded by the Exam Boards are only occasionally increased. The college's experience is that exam boards have rarely changed marks in the past and have put systems in place to reduce the number of changes considerably from this summer. However, they have improved the quality and checking of marking.
- The last date for receipt of A/AS Level appeals is Thursday 19<sup>th</sup> September 2019 and no review of marking can be requested after this date.

The services are available for written papers of both unitised and linear specifications. Coursework and practical elements cannot be reviewed and have already been checked and moderated.

#### Reviews of Results (RoRs) and Appeals

A. **Priority review (priority service 2)** per unit/paper = £55 or £70 with photocopy of reviewed script

If a Further or Higher Education place is dependent upon the outcome of a review of marking, use this priority service.

If you wish to see your paper before deciding whether to apply for a review you cannot have a priority review, you will need to use the non-priority service.

The application deadline for priority service 2 is **3pm on Thursday 22nd August 2019**. A completed application form should be submitted to the BHASVIC Exams Department.

B. Review of externally assessed components (service type 2 – non-priority) per unit/paper = £50 or £65 with photocopy of reviewed script

This offers the same service as outlined above but the Exam Boards aim to complete within 20 days.

The application deadline for non-priority service 2 is **3pm on Thursday 19**<sup>th</sup> **September 2019**. A completed application form should be submitted to the BHASVIC Exams Department.

C. **Priority Photocopy** per unit/paper = £15

Photocopied scripts are designed to come back quickly to support reviews of marking and enable you to decide whether you wish to pay for the expensive service above.

The application deadline for priority service 2 is **3pm on Thursday 22nd August 2019**. A completed application form should be submitted to the BHASVIC Exams Department.

D. **Non-priority Photocopy** per unit/paper = £12.50 (Edexcel offer this as a free service providing the script has been electronically scanned, unfortunately we do not know if this is the case until the copy has been requested).

The purpose of this service is to enable you to see your exam paper and see where you gained scores, did well or went wrong. This is the service that is of relevance to students considering retaking an exam. It allows you to work out your revision strategy based on how you did in the exam the first time around.

This is a non-priority service, so you will receive your copy a few weeks after application. The application deadline for non-priority photocopy is **3pm on Thursday 26<sup>th</sup> September 2019**. A completed application form should be submitted to the BHASVIC Exams Department.

# University place pending?

You are concerned that your exam has been incorrectly marked. If you have a university place depending on your grade, you should go straight for priority review

Option (A) above

Not sure about grade but no uni place pending?

You don't urgently need a review of marking, but you are concerned that your exam may have been incorrectly marked

Option (B) or (C) above

Want to see your paper for retake/revision?

There is no urgency and you do not think there has been any error in marking - you just want to see your marked exam paper Option (D) above.

**NB:** you will not be able to request a review of marking once you receive your copy and are not sure that it was correctly marked.

Requests **will not be processed unless payment has been made** and the relevant form returned to the exams department.

All relevant forms available from:

**Exams Office** 

1<sup>st</sup> Floor, Sports Centre, BHASVIC.

Direct Line: 01273 859806

#### Request to retake an exam

If you are considering retaking an exam to improve your results, please bear in mind the following:

- Linear A levels **do not** provide the opportunity to retake individual components. If you wish to retake to improve your grade you will need to resit **all written examination papers** for the A level; you will not be able to only retake individual exam papers.
- All practical, oral, controlled assignment or coursework component marks will be carried forward from the previous year for the qualification.
- If you are completing your studies this year and would like to retake to improve your grade for a university place, it is worth seeking advice from the college about your university options. Sometimes accepting your insurance place or exploring UCAS Clearing can help you progress this year, instead of delaying your start at university.
- Retaking exams is expensive. Retaking an exam or qualification often does not lead to an improvement in the
  overall grade. Consider what you would do differently or how the exams went for you in the subject you are
  considering retaking. You also have time to properly reflect before requesting a retake, so do not rush into any
  decisions.
- You may wish to request a copy of your exam script before deciding on whether to retake anything. This can
  be affordable for individual papers but will be more expensive for an entire A level. However, seeing what you
  wrote in the actual exam can help you reflect on whether you want to retake and whether you genuinely
  believe you will be able to improve on what you did this summer.
- Consider your predicted grades, ongoing assessment provided by your teacher(s), mock exam results and any
  advice or expectations you had about what you were realistically going to achieve. If your result is not a true
  reflection of what you know you are capable of, or you are confident that with a year of independent revision
  you can improve on your grade, then retaking is a worthwhile option.

Exam Access Arrangements for ex-students: If you no longer attend BHASVIC and request a retake as an ex-student, and you received special access arrangements for your exams, it is likely to be the case that assessment evidence, required by the exams regulator, will have expired. You are therefore likely to need to be re-assessed by the college. Please ensure that you record the exam access arrangements you received this summer clearly on the retake application form.

#### How to request a retake

You must complete an application form, which is available from the BHASVIC exams office. The deadline to request a retake for Summer 2020, is **Wednesday 18<sup>th</sup> December 2019**. Once this deadline has passed, additional charges may apply

Linear A levels = £150 per A level, to include a non-refundable £25 administration charge.

Non-priority Photocopy per unit / paper = £12.50 (Edexcel offer this as a free service providing the script has been electronically scanned, unfortunately we do not know if this is the case until the copy has been requested).

The purpose of this service is to enable you to see your exam paper and see where you gained scores, did well or went wrong. This is the service that is of relevance to students considering retaking an exam. It allows you to work out your revision strategy based on how you did in the exam the first time around.

This is a non-priority service, so you will receive your copy a few weeks after application.

The application deadline for non-priority photocopy is **3pm on Thursday 26<sup>th</sup> September 2019**. A completed application form should be submitted to the BHASVIC Exams Department.

Requests **will not be processed unless payment has been made** and the relevant form returned to the exams department.
