

BHASVIC

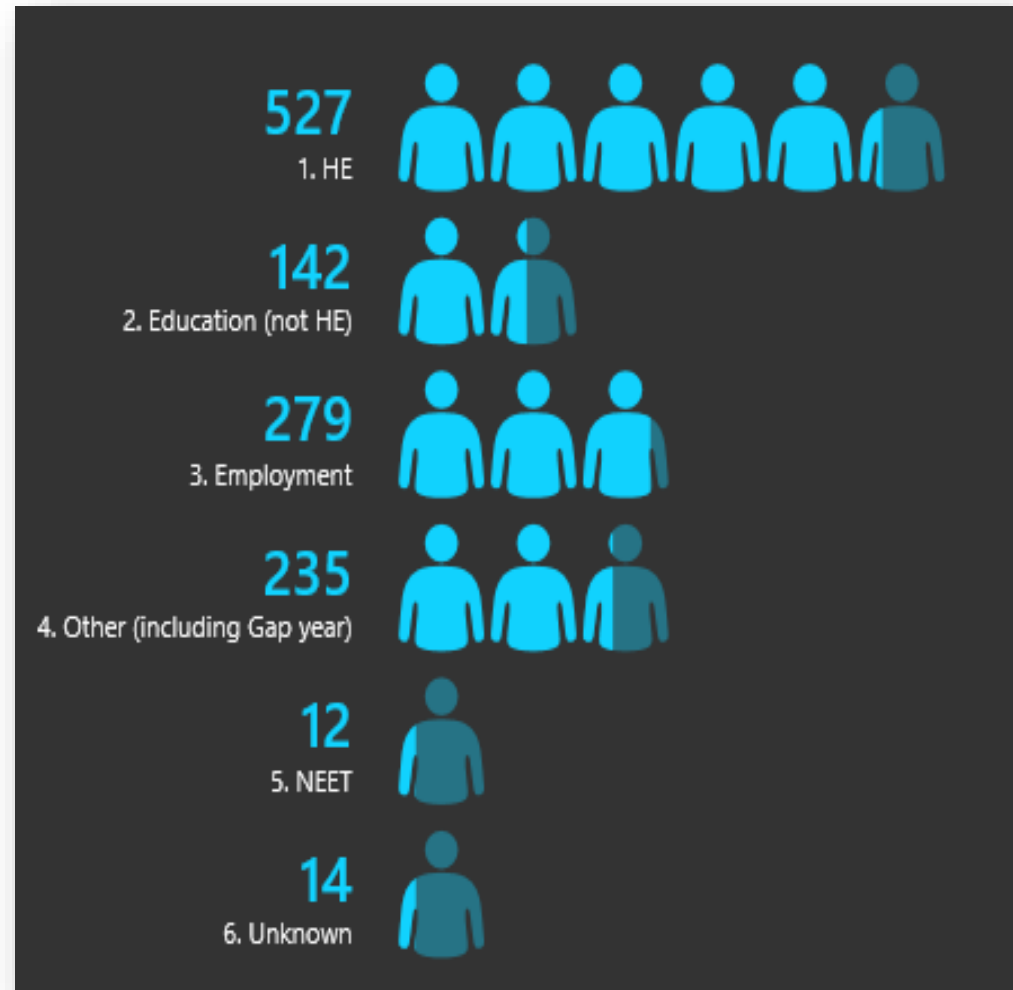

My Future Plans Introduction

Student Destinations

In June 2018 1209
A2 students left
BHASVIC to move
onto future
pathways (we have 2019
figures in Feb 20)

This included entering higher education, employment, further education (including art foundation), apprenticeships and taking a gap year

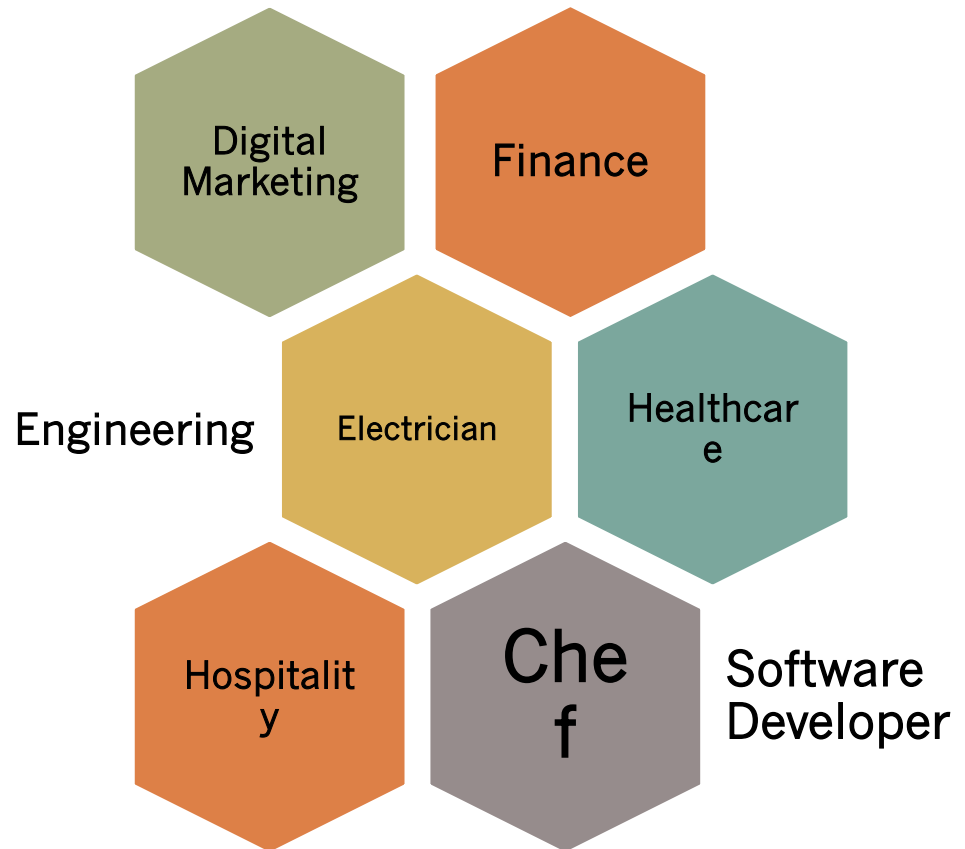

Student Destinations

Many students continued, or began new employment & apprenticeships including

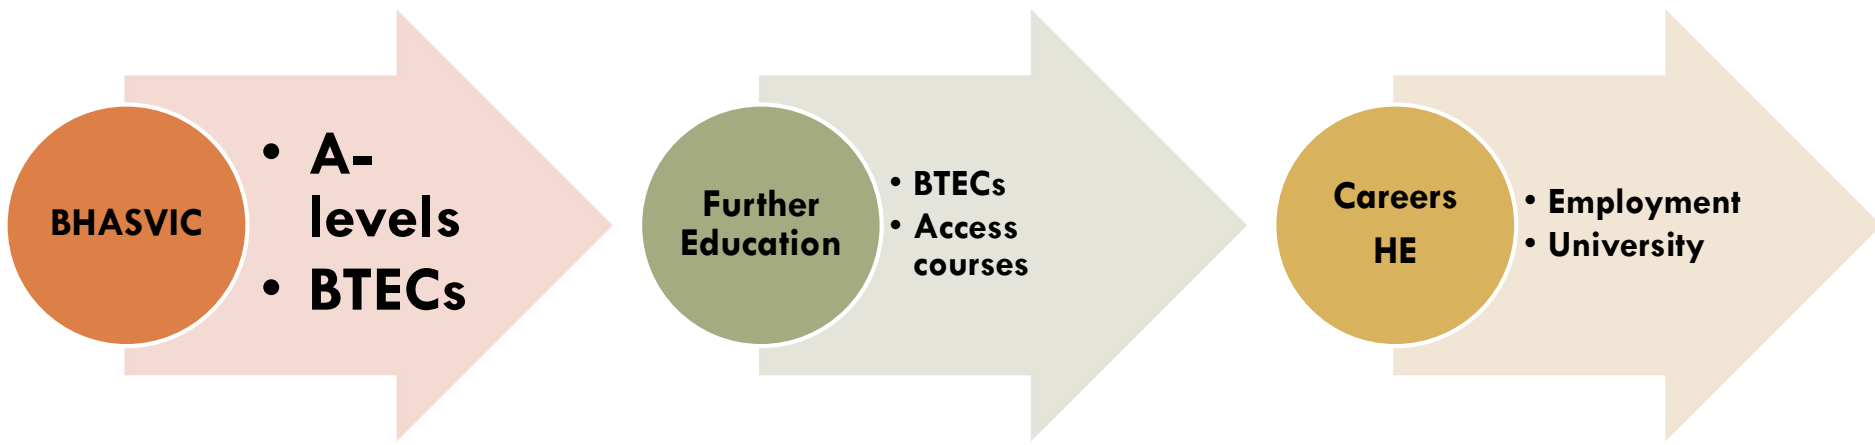

102 students began an Art Foundation course, many at Brighton Met or Northbrook but some far afield such as Central St Martins

Opportunities for local area apprenticeships include:

Student Destinations

40 students continued into Further Education

Further Education can be particularly useful for a change of pathway

Around 25% of our students who intend to enter HE take a gap year

Students who take a gap year will travel, work or take on volunteer work abroad

So what will you do?

- ❑ **My Future Plans is an extended project in three parts over the spring & summer terms that will help you explore your future plans after BHASVIC.**
- ❑ **It will cover higher education and university planning, apprenticeships and career paths, graduate jobs, gap years and volunteering. It will also introduce personal statements & CVs and help you prepare for university / employability / FE sessions into A2.**
- ❑ **You will do lots of independent research and keep your results in a student workbook that will be useful to you throughout your time here, and after you leave.**

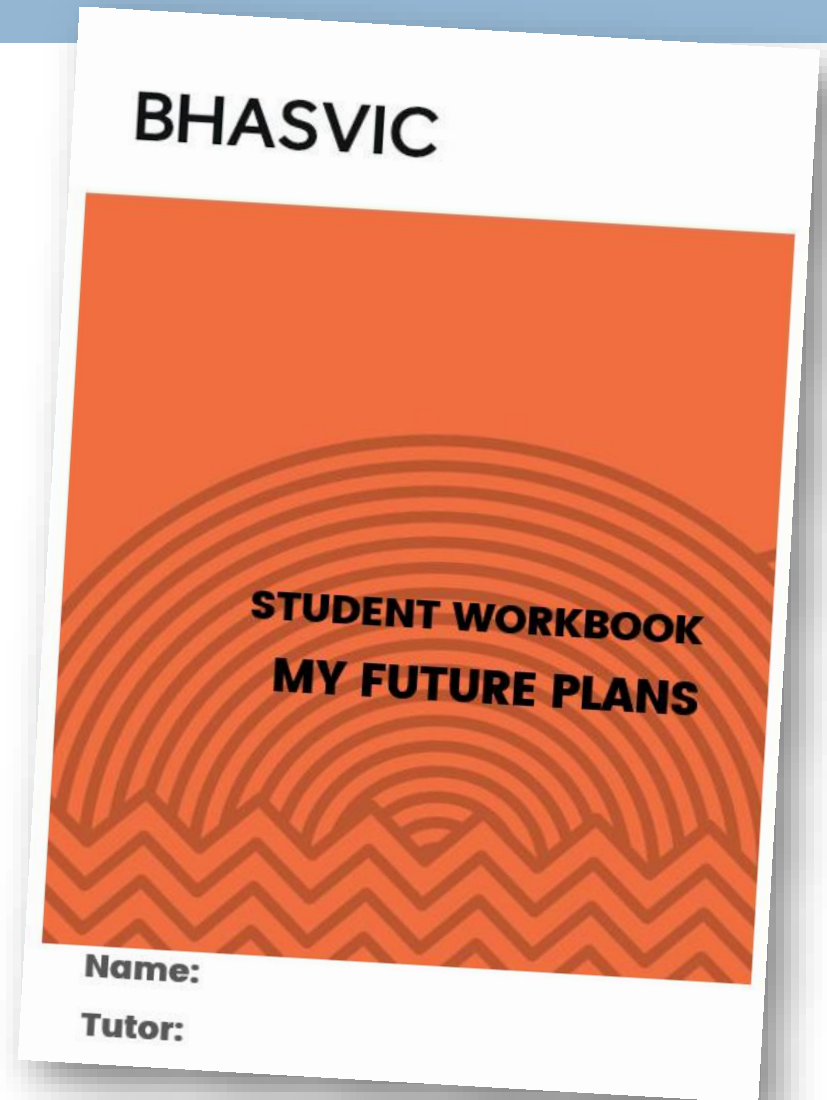

Online resources - VLE

- There are lots of **online resources** to help you research what might be the **best course and career** for you
- **Our VLE** has lots of information – careers, University, Study Abroad, Oxbridge/Medics, Art Foundation

My Future Plans Workbook

- You will need to **download the workbook** from the A1 tutorial page.
- **Save it** into your drive.
- **This is your workbook** to record notes and use the links provided.
- **It won't be assessed or checked by your tutor and it will help you to look again from home** when you continue your research for whatever path you decide to take.
- It's a word document and will be more wobbly the more you add to it – this is a good thing!!!!

Free SACU Spartan Test

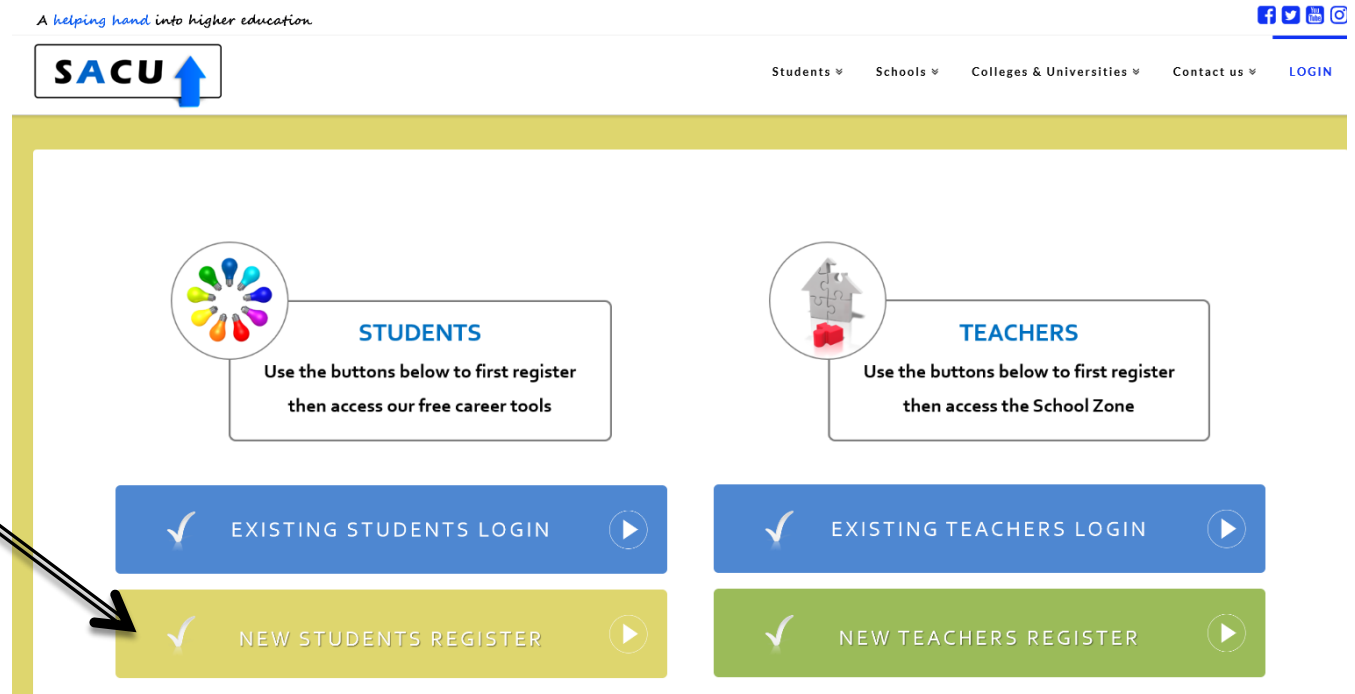

One of the best future plans quiz is the SACU test.

SACU is UCAS backwards

SACU Test

Google SACU Test. You will need to register – here's how you do it

SACU Test - Register

Please Register / Reset Password Cancel

* Email Address

* Name

* Create your own Password
At least 6 characters

* Re-Type Password

If you have a Voucher Code then enter this here:

... if you don't have one then please leave blank

Register

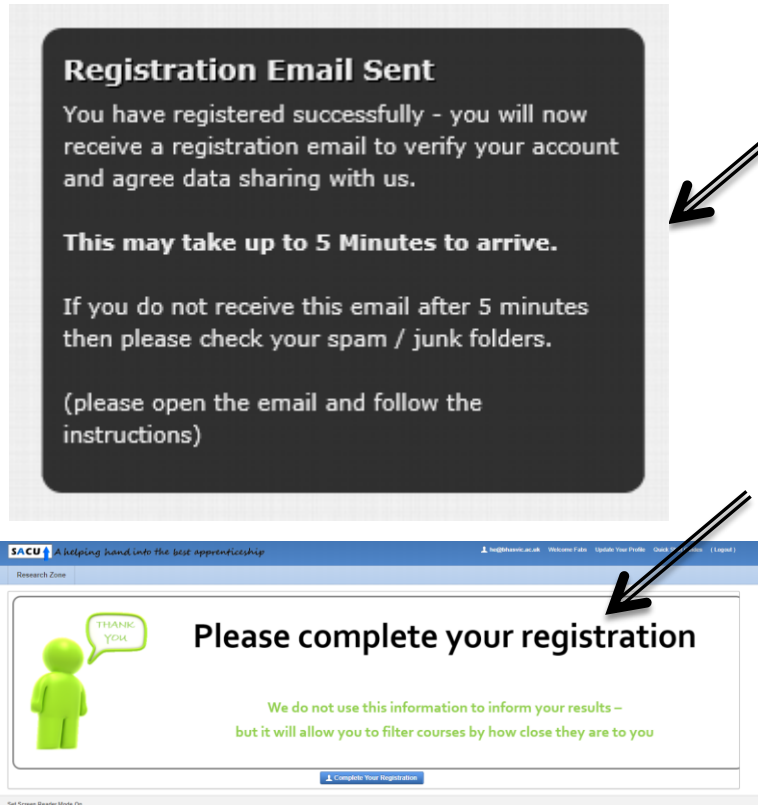

Register as a new student – this means you can save your tests

Write the log in details later in your booklet so you don't forget them

When you are registering please register using Brighton Hove and Sussex Sixth Form College from the drop down menu

If you don't choose this option it might block you!

SACU Test - Register

It will send you a registration email.

While you are waiting take a look through the workbook and make sure you have saved it.

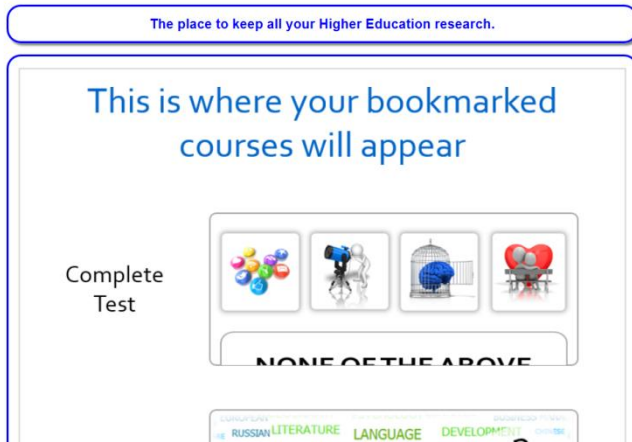

Check your email, agree to share information and complete your registration.

When you are registering please register using

Brighton Hove and Sussex Sixth Form College
from the drop down menu

If you don't choose this option it might block you!
