3.3 A1 Summer Results

Results Summary

The Results Summary section will display a brief summary of your student's A1 Summer Exam results by course, including the achieved grade (labelled as CAP) with their Statistical Target Grade (labelled as STG).

Results Detailed

The Results Detailed section will be displayed towards to bottom of the screen. Please note that you may need to expand this section by clicking/tapping on the title – A1 Summer Exam.

This section will display your student's achieved grade and their STG along with their Attendance on the course and a teacher comment.

The teacher's comment will denote if your student will be progressing into the 2nd year of the given course. The text will be one of the following:

- Congratulations you will be progressing to year 2 in this subject
 - Applied to all A* E grades
 - Unfortunately you are not able to progress to year 2 in this subject
 - At the discretion on your teacher, applied to U grades or absence from the exam.

If your student receives a comment that they are not progressing to the second year of the course, their Guidance Manager will be in contact with them to explain the reasons why and to discuss all their options going forwards. However, your student may prefer to book that appointment with their Guidance Manager first, after receiving their results. They can book this appointment with Student Services Reception.
