Student Room Clearing Guide

<https://www.thestudentroom.co.uk/university/apply/clearing/guide-to-clearing>

Guide to Clearing 2022

Clearing is: Clearing is all about grabbing the phone and talking directly to universities. You can speak to as many universities as you like, to find out what courses they have and whether they would consider you for a place. You can receive verbal offers from more than one uni, before making your decision.

Clearing: Being prepared

Boost your chances of starting your ideal course this September by preparing for Clearing 2022 with this 10-step guide.

UNIVERSITY OF PORTSMOUTH

What is Clearing?
Clearing is a second chance for you to get a place on uni. Clearing matches students to universities with unfilled places.

Can I apply for uni through Clearing?
Use Clearing if you didn't get into your 1st & 2nd choice uni, didn't get any offers, missed the application deadline or you just want something different!

How do I go through Clearing?
The best way to find options is to search on UCAS, or look directly on the uni website. Then ring the uni directly and tell them what you want to do. If they have a vacancy, they'll usually take your details and either give you a decision straight away or very soon afterwards.

Apprenticeship/Jobs and Employment information

BHASVIC Degree Apprenticeship Guide

Degree Apprenticeships

What is a degree apprenticeship?

Degree apprenticeships are aimed at college leavers as an alternative route into higher education. Apprentices will combine full time work for an industry leading company with part-time university study. These courses last between one and four years, with a Bachelor or Masters degree waiting at the end.

Degree apprenticeship programmes have been developed through a collaboration between employers and higher education institutions. With government backing, the concept is to train a highly skilled workforce for top industries.

Advantages

- No tuition fees and earn a salary
- Work experience
- Learning on the job (practical application)

Things to consider:

- How long are you tied in to work for the company for after you complete your course? Sometimes this can be beyond the time it takes to complete the course.
- Look at locations of offices/colleges. Where are the opportunities based?
- Do they provide support to find accommodation? Some schemes may offer support but many do not.
- Will your salary cover living costs and accommodation if not local?
- What degree apprenticeships are there in the local area?
- Some schemes may ask for UCAS points.

BHASVIC Foundation Year Guide

Foundation Years

A Foundation Year is designed for students who have the ability to study for a degree but don't have the required qualifications to enter directly onto an honours degree.

It therefore attracts many students from non-traditional educational backgrounds and under-represented groups.

Once you have passed the Foundation Year you can apply to progress onto Year 1 of appropriate linked honours undergraduate degree.

A number of universities now offer these additional years to students in order to allow them to overcome barriers, potentially change direction or to take the additional time they need to reach the required standards.

If you would like to do further research on the available foundation years then use this link: <https://digital.usca.com/search>

Free

- Allows students access to higher tariff universities
- Allows students to change their academic pathway e.g. science based to humanities
- Allows students time to improve their study skills/ make transition to uni
- Allows students who have had significant barriers to education an opportunity to progress
- The content of a Foundation Year may be quite broad, e.g. Social Sciences rather than Sociology: this allows the student to explore alternatives before committing to a degree programme.

Costs

- Extra year of fees and maintenance costs – students should consider a 3rd year of free level 3

BHASVIC Further Education Guide

BHASVIC

List of local colleges and contact details

This listing is useful if you would like to contact other colleges and explore courses available. If you have completed 2 years of BHASVIC and under 18 when the course starts, you may be eligible for a free third year at another FE college where you could gain equivalent to 1 A level in a year. If you have completed 3 years of BHASVIC and wish to re-visit another college, you may be eligible for 2 more years of free further education. To gain 4 A-level points, it is possible to take a third A-level course that is equivalent to an A level in a year. Please speak with FE college course adviser or admissions adviser to check this. Note: This information is up to date at the time of printing but you will need to speak with individual colleges about course/apprenticeships on offer. Clicking the logos will take you to the college's website.

What my Gap year Taught me

What my gap year taught me

Hello, I'm Victoria Ayodeji. I'm a BA Geography graduate from the University of Cambridge. I decided to take a gap year before starting university. In this blog post, I'll be talking about my experience of taking a year out after finishing my A levels, and what I learnt from it before starting at university.
