

BHASVIC Quick Travel Guide 2022-23

Will I be able to get any help from the College with my travel costs?

Each year, the government allocates a Bursary Fund to Colleges. The aim of the Bursary Fund is to help 16- to 19-year-olds overcome any financial barriers they may face to attend a sixth form or further education college. Travel costs are one of the things the Bursary Fund can help with, **but only if the distance between your home address and College meets a set threshold (2 miles on Google Maps Walking Mode).**

The Bursary Fund is aimed at helping those young people facing the greatest financial barriers to studying at college. The financial support given to these students will depend on their specific needs, including travel where the distance from home to College is over 2 miles. For more information, see the Student Services website:

BHASVIC by Bicycle, Foot and Car

As a Green Flag Eco-School, BHASVIC positively encourages all forms of environmentally friendly transport. Car parking around the College area is extremely limited (and metered with short-time limits) and there is NO on-site parking at College for students. We do not recommend students use a car for College travel.

With ample cycle shelters on-site and a recently upgraded cycle-lane network in the area surrounding BHASVIC, we actively encourage cycling. For more information on cycling in Brighton & Hove visit:

<http://www.brighton-hove.gov.uk/content/parking-and-travel/travel-transport-and-road-safety/cycling>

For tips on how to best protect your bike against theft please visit: <https://sussex.police.uk/advice/protect-your-home-and-belongings/cycle-theft/>

BHASVIC is easily accessible by foot from much of Brighton and Hove, and lockers are available on site to store heavy items such as course books, which may make your walk even easier!

What's the difference between citySAVER and networkSAVER tickets?

A citySAVER ticket is only valid within the shaded area, but a networkSAVER ticket is valid throughout the shaded area, and the other areas that Brighton and Hove Buses serve, into West Sussex, East Sussex and Kent.

Even if you live in the citySAVER area, you might want to consider spending a little bit extra on a networkSAVER, as only networkSAVER tickets are valid on Night Bus services – helping you to get home safely late at night. A networkSAVER is also useful if you want to work or visit friends in places outside the citySAVER area.
