Changing Lives Through Learning

The job market and the University admissions process is increasingly competitive.....

Could your young person benefit from:

- An opportunity to have new ***experiences***?
- Building their ***confidence***?
- Some extra ***UCAS*** points?
- Developing ***new skills***: Leadership, Communication, Decision Making & Problem Solving?
- Making new ***friends***?

If the answer to any of these questions is **Yes** then the government funded National Citizen Service programme can help.

# CHANGE YOUR SUMMER

Access **1st** offers needs assessments, advice and support for disabled students in Higher Education.

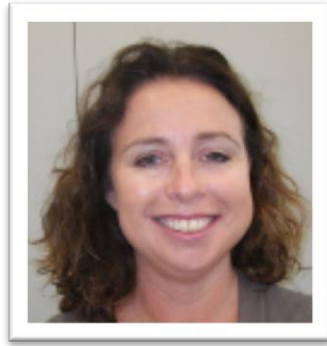

We work ***with*** the challenges of learning and work. Our approach supports discovery, problem-solving and is dedicated to identifying ways to do what ***can*** be done.

We work to minimise unnecessary obstacles that cause frustration and waste time, thereby enabling you to engage with the interesting and invigorating challenges that are proper to learning and work.

The services that we offer include:

- Assessments of need for study/work;
- Advice and recommendations for reasonable adjustments;
- Strategies for overcoming obstacles;
- Recommendations for suitable equipment, accessories, assistive technologies and human support services;
- Assistive Technology Tutorials to develop real skills and accompanying confidence in the use of tools and resources;
- Specialist Support Tutorials/Mentoring to facilitate effective study;
- Liaison with support providers for implementation of recommendations, attention to detail to enable joined-up services;
- Ongoing support and advice to assist with resolving issues;
- Other ad-hoc services, depending on client needs.

**A representative from Access first is in Room 22 this evening if you wish to speak to him**

We have 2 fully qualified careers advisers to help students during their time at BHASVIC. To book an appointment:

## University Applications

[Parents and Carers](#) » University Applications

**Supporting your young person through the university process can seem daunting.**

**At BHASVIC we have plenty of support for our students applying to Higher Education. This is mainly delivered through the tutorial system but may well include advice and guidance from teaching staff.**

Although students are kept well informed; it may well be helpful for you to know what happens in college, and how you might be able to support your young person at home.

We suggest looking carefully on any university website for specific requirements and please do contact admissions officers. They will have email contact addresses as well as phone numbers.

All universities want to increase their numbers of applications and will want to help.
