

Economics

Higher Education at BHASVIC

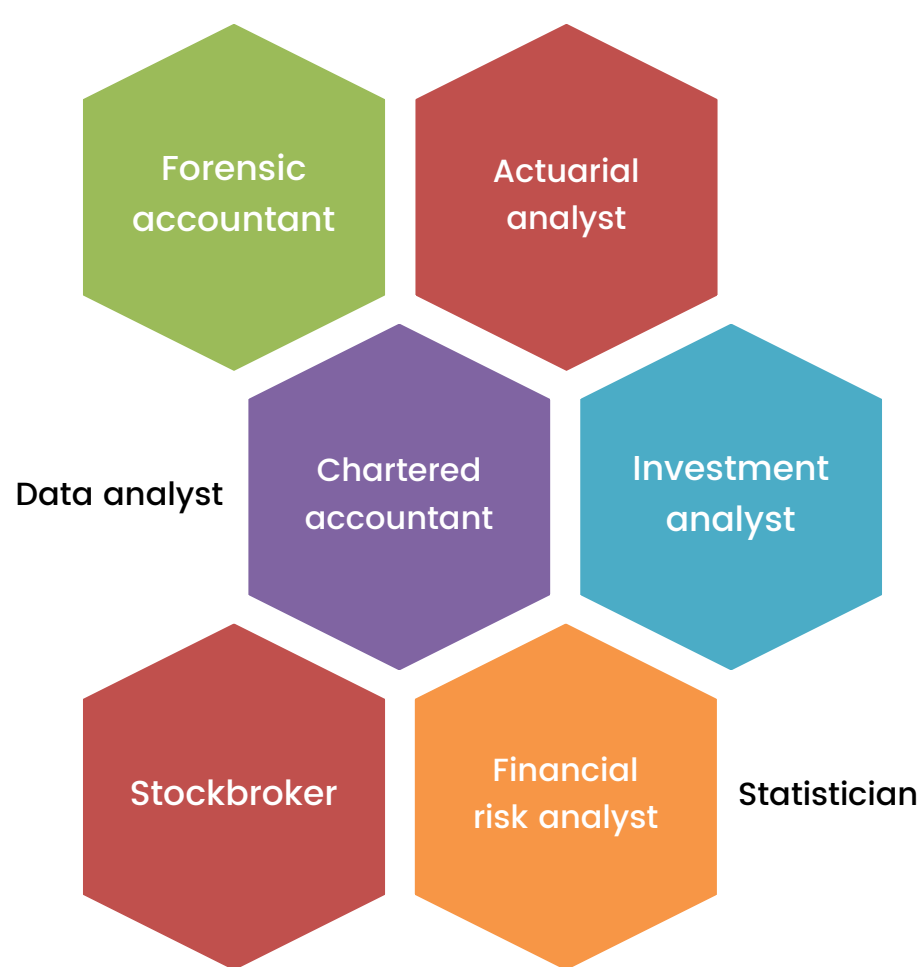

In Sept 2018, 26 BHASVIC students went onto study Economics at 19 different universities

Economics remains year on year one of our top ten subjects for University study.

Students can study a BSc Economics (with maths) or BA Economics (without maths)

A Degree in Economics provides an array of subject-specific & transferable skills, highly sought after by employers

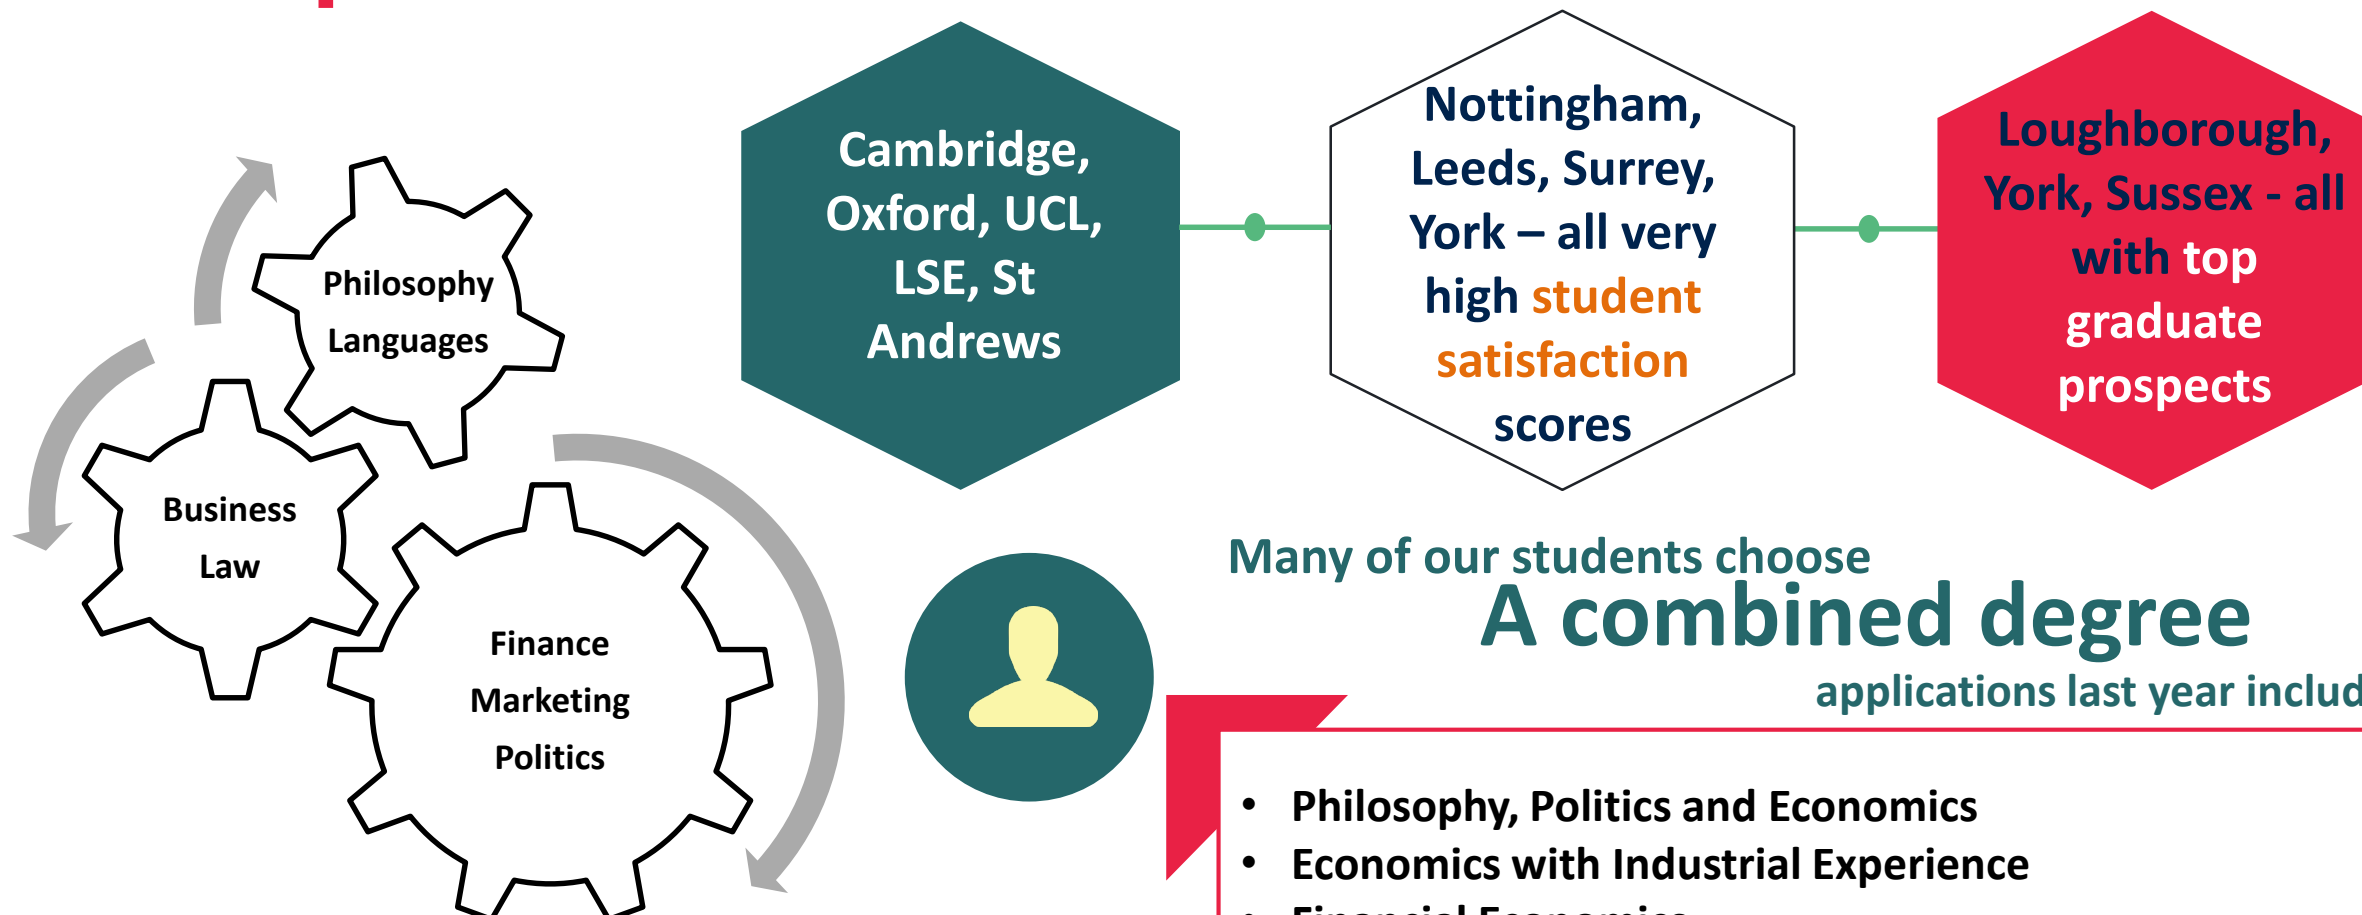

Jobs where an Economics degree would be useful include:

- Business development manager
- Civil Service
- Data scientist
- Diplomatic service officer
- Local government officer
- Management consultant
- Quantity surveyor
