## Oxbridge **Higher Education at BHASVIC 2019**

## In Sept 2019, 41 BHASVIC students began studying at either Oxford or Cambridge universities

BHASVIC is the top state non-selective provider to Cambridge in the UK and numbers to Oxford increase year on year.

Entry to Oxbridge courses is competitive and students must aspire to top grades. In addition, there are requirements for admission tests and a robust interview process at both universities.

We are encouraging & supportive of students who wish to apply, but also bear in mind the grade requirements Oxbridge ask of potential applicants. In A1 year we approach all students meeting the grades to see if they have considered Oxbridge.

## Should I study my degree at Oxbridge?

We must remember that Oxbridge may not offer the degree pathways that students wish to study.

**Creative subjects** are limited for example.

- Both Oxford and **Cambridge offer** University specific degree
  - **Natural Sciences & Land Economy** at Cambridge
  - Material Sciences & Philosophy, **Politics and Economics at** Oxford

**Entry Requ** 

rements **Entry requirements** vary but are a minimum AAA grades for **Humanities.** 

- Sciences require at least one A\*, often A\*A\*A
- · Admissions tests & Interviews are essential
- Also GCSE grades are taken into consideration

Oxbridge, Medics, **Employability & Enterprise and Visual** Arts all benefit from specialist tutorial pathways in A2 that help them prepare for applications ahead.

As both Oxbridge and Medicine / Veterinary Science / Dentistry applications have an early deadline in October, these begin after the June half term in A1 with an early focus on personal statements.

## What our students chose to study

We are particularly proud of our **Widening Participation success for** Oxbridge applicants that may not come from a typical university background (e.g. low income, young carers, in care, first generation scholar).

Our success rate for both Oxbridge (and Medicine) WP is significantly higher than our student body as a whole.

**Dedicated** A2 tutor groups

**Outstanding** information, advice & guidance

**Support** with personal

statements

from Heads of **Admissions** 

**Visits**
