

Philosophy

Higher Education at BHASVIC 2019

In Sept 2019, 19 BHASVIC students went onto study Philosophy-related degrees at 13 different universities

Philosophy is often combined with other studies at degree level resulting in a broad, interesting area of study.

Should I study Philosophy at degree level?

A philosophy degree involves studying the ideas of great thinkers, examining their arguments and voicing your own opinions – and it could be a good fit if you're the sort of person who continually questions things & likes an intellectual challenge

Studying philosophy leads to around six hours of lectures a week and six hours of tutorials every other week. In your first year your course may cover a range of topics, from ethics to knowledge to logic.

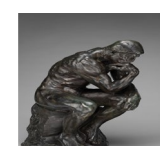

Types of degree

- You can choose to study straight Philosophy or closely related subjects, for example Politics, Philosophy and Economics
- Philosophy combines well with a variety of subjects for example
 - Maths
 - English
 - Politics

Entry Requirements

- A-levels (or equivalent) usually required
- No Specific Requirements
- Useful to have
 - English
 - Mathematics
 - Religious studies
 - Classical civilisation
 - Philosophy

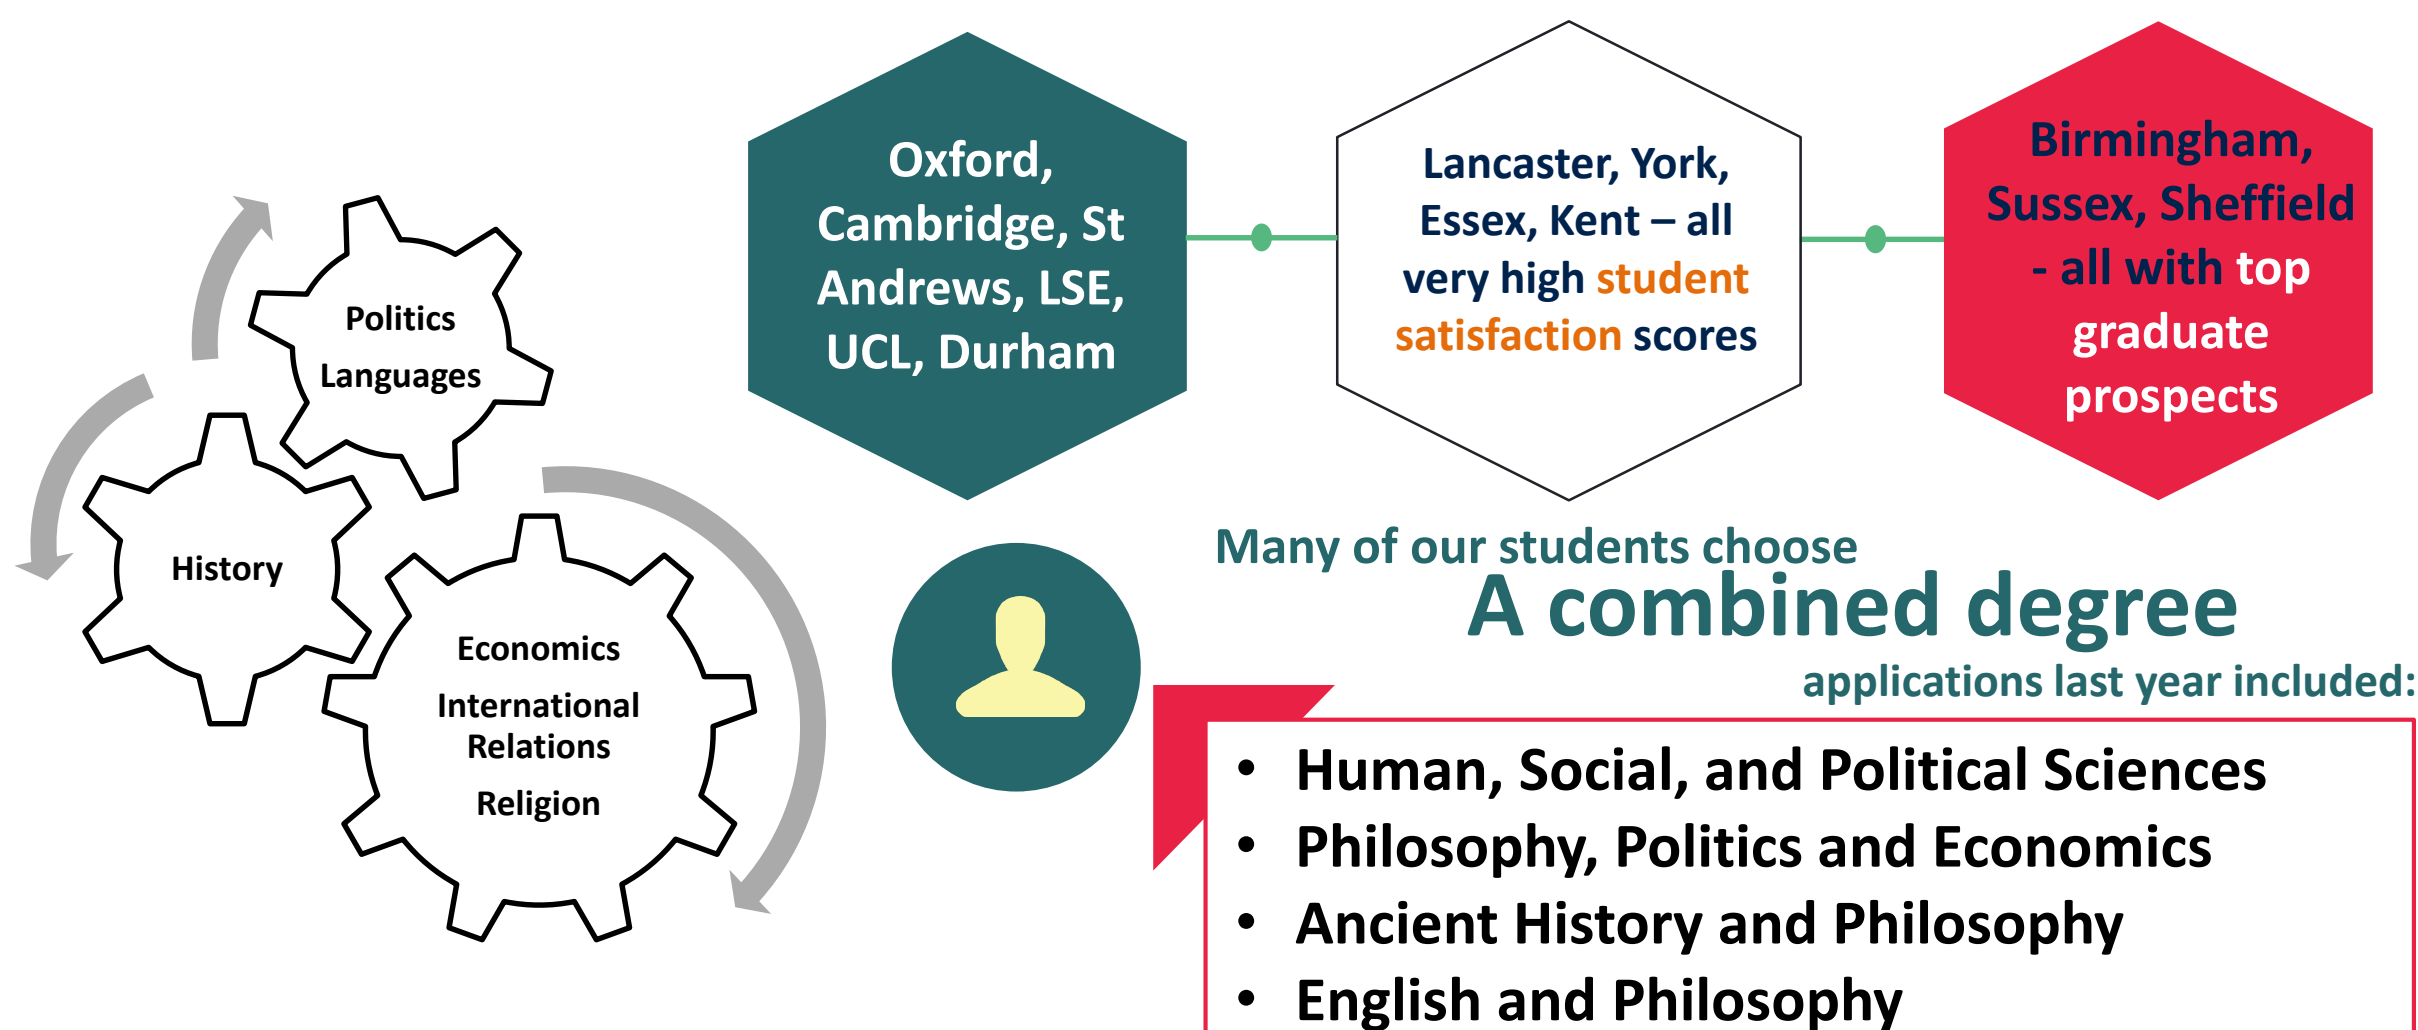

Example degree modules

- Metaphysics
- Realism and normativity
- Philosophical problems
- Classic readings in philosophy
- Social and political theory
- Engaging with the humanities
- Philosophy of film and literature
