

# BHASVIC

1 October 2020

Dear Parent/Carer

We will be setting up **Parent Advantage Accounts** towards the end of this week in order to give you access to data about your young person's time at BHASVIC including timetables, exam entries, support plans and attendance data.

If this is your first young person at BHASVIC you will get two emails, one to set up the account and one to link your young person to your account.

If you already have a Parent Advantage account because you have recently had another young person at BHASVIC then you will only get one email asking you to link an additional young person to your account. Don't worry if you have lost or forgotten your login details please use the forgotten password button on Parent Advantage and this will reset your password.

If you have any queries about this please contact [cis@bhasvic.ac.uk](mailto:cis@bhasvic.ac.uk)

Kind Regards

CIS Department
