

Summer work

MY WORLD IN PICTURES

Welcome to the course! For summer homework we would like to create the chance for you to tell us something about yourself and interests through photography. You will do a double sided concertina book with your own photos on SIDE A and found photography, showing inspiration and interests on SIDE B. There is also an online Pinterest task for you to do. This all needs to be complete and brought with you in first week of college.

SIDE A- YOUR PHOTOS

Use the concertina book format to present a sequence of 10 images which tell a story about your-self. You can take the images on any sort of camera, including mobile phones.

IDEAS for your sequence

Autobiographical , about people you know, self-portrait, Culture
Personal space, Your History, Hobbies/Interests , Domestic rituals,
Objects/ possessions, day to day life, a day in the life.

If you are able to print at home or in a shop then that's great but you can also print and present your images when you start in September.

We recommend that you buy a memory stick for the course. This can be used to download and save any mobile phone images to, if you don't print them before the course starts. *[we don't have mobile phone leads.]*

SIDE B- FOUND PHOTOGRAPHY

On the reverse side of your concertina, find 10 images that inspire or interest you from any of these sources.

Pinterest task

Please gather some inspiration of other photographers from the summer work folder on Pinterest.

We recommend that you create an account and start your own folder called Summer Work. You can then gather images from the BHASVIC site by pressing the red PIN button on images that you like.

You can search BHASVIC Photography Pinterest or the website link is:
