

Careers Enrichment Friday 12 July

MENU

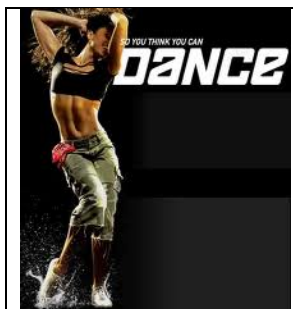

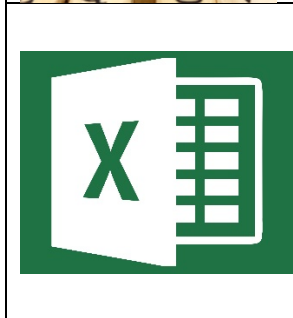

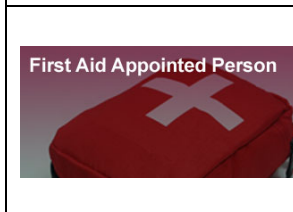

Bookings are open via the Student Dashboard / Enrichment between

11:45 on Monday 24 June to 17:00 Tuesday 9 July.

	<p><u>Amex HQ Visit and Talks</u> American Express is a multinational financial services corporation and has its UK headquarters here in Brighton. AMEX is Brighton's second biggest employer and they are offering you a chance to visit their headquarters, learn about the different functions of the business through observation and guest employee speakers, talk with graduates and interns, and learn about their assessment centre recruitment process. Number of places: 20</p>
	<p><u>Assessment Centre Experience</u> This is a chance to experience a range of sample activities that would normally happen in a typical assessment centre. Assessment centres are often used as a 2nd stage in the recruitment and selection process to help find the best candidates to take forward to final interview. Activities include interviews, psychometric tests, presentations, etc. You will be guided through some best practice in these areas and given a chance to partake in sample activities. Number of Places: 22</p>
	<p><u>Asylum Seekers in Detention Workshop</u> This workshop will be run by the Gatwick Detainees Welfare Group and involves a simulation and workshop to understand where asylum seekers come from and what they may experience when they come to the UK, including the indefinite detention of asylum seekers and immigrants in detention centres on your doorstep at Gatwick. Number of places: 30</p>
	<p><u>Automotive Engineering Visit to Ricardo</u> For anyone interested in a career in engineering, we have organised a workshop and tour of Ricardo's automotive engineering facility in Shoreham. The workshop involves a team challenge led by recently qualified engineering graduates, some from Brighton University. Come along and find out what engineering is like and what routes you can take to enter this profession. Cost: personal travel on the day Number of Places: 20</p>

	<p><u>Biology Careers Day</u></p> <p>Join us for a carousel of Biological careers speakers, working in fields ranging from cancer research to microbiology. The format is a 'speed dating' style session, so please come willing to get involved and ask questions. This is suitable for anyone wanting to find out more about the range of careers open to Biology students. You will develop discussion and active listening skills alongside hopefully being inspired!</p> <p>Number of Places: 30</p>
	<p><u>BRICCT Visit</u></p> <p>A visit to Brighton Institute for Creative Theatre Training to see what their degree course and vocational actor's courses are like. A look at the facilities, meet the staff and a taster workshop. Timings are approximate at this stage. This is an opportunity to explore what options there are to study drama locally. This course has been accredited by Sussex University but has a drama school approach using professional directors and actors to lead teaching on courses. The courses at BRICCT are aimed at gaining employment in the performing arts industries.</p> <p>Number of Places: 12</p>
	<p><u>Brighton Film School Visit</u></p> <p>At the Film School you will have a practical, hands-on workshop where you learn to shoot in a TV studio. You will also have a short talk about how to get into the film and TV industry after the workshop.</p> <p>Number of Places: 12</p>
	<p><u>CELTA - Teaching English as a Foreign Language.</u></p> <p>A taster of what it's like to teach English as a foreign language, including a live chat with an English teacher in Japan and the opportunity to deliver a mini lesson.</p> <p>Number of Places: 20</p>
	<p><u>Chemistry Lab Experience</u></p> <p>What is it like to study chemistry? Come along to Sussex University to carry out practical work in the laboratory, meet some of our former students, have a mini lecture and get help and support in applying for chemistry and related careers.</p> <p>Number of Places: 60</p>
	<p><u>Computing - Do you want to know more about higher level/ degree apprenticeships?</u></p> <p>We have current Y2 students who've been through interviews for some top companies this year: Google, Amazon, Thales, Amex and NATs and were offered jobs at the end of it. Some of them are coming in to give advice about the processes and how to be successful. We also have some people from AMEX coming in to talk about their apprenticeship schemes, how it all works and what they look for. We'll do a session on where to look for these schemes, what to look for and offer advice to get you started in thinking about applying.</p> <p>Number of Places: 30</p>

	<p>Working in the Creative Industries</p> <p>Are you interested in working in the creative industries? If so sign up to our Working in the Creative Industries enrichment event where you can find out about:</p> <ul style="list-style-type: none"> • the range of jobs available • how to make contacts and network • how to get work experience and develop your CV • the skills and requirements needed to work in the creative industries <p>and get first hand experience and advice from BBC World News Producer, Ginny Troussard, who will give a talk with extracts on her work and routes into the BBC. Ginny has worked in broadcasting for more than 30 years in both TV and radio. During her career, she has worked as a reporter, director (on both live TV shows and Outside Broadcasts), News Editor, Programme Producer and Deputy Editor at a London cable TV channel. Ginny has also worked as a consultant trainer for the BBC. Her work has taken her to the Falkland Islands, Belize, Jordan, Sudan and Nigeria.</p> <p>Number of Places: 50</p>
	<p><u>Creative Writing - Making Your Stories and Getting Them Out There</u></p> <p>You will be meeting a local writer and an ex-BHASVIC student who studied creative writing in HE to find out more about the world of writing and getting your work published. We will be doing a number of creative writing exercises during the session and offering you the opportunity to publish your first piece of work by uploading a finished piece of flash fiction to the online college magazine: The Bhasvic Buzz.</p> <p>Students are requested to bring in an object which has personal significance on the day.</p> <p>Number of Places: 20</p>
	<p><u>Creative Writing Inspiration at the Booth Museum</u></p> <p>In the morning session we will visit the weird and wonderful Booth Museum, 'one of the best independent museums in the UK' and meet the museum's Poet in Residence, Deborah Turnbull. The museum is full of artefacts, stuffed animals and curios but equally fascinating is the Booth family whose eccentricities offer rich material to inspire poems and short stories. Break for lunch then return to Room 165 at BHASVIC and spend the afternoon writing our own stories and poems inspired by our visit to the Booth Museum.</p> <p>Number of Places: 20</p>
	<p><u>Criminology Masterclass</u></p> <p>Criminology masterclass with Peter Squires, Senior Professor of Criminology at Brighton University. Opportunities to investigate crime scene investigations and discuss a range of topics that relate to the field of criminology, local crime, gun crime, etc.</p> <p>Number of Places: 50</p>

	<p><u>Dance Careers Workshop</u> Audition Workshop and Q&A with Professional Dancers. The workshop will offer you the opportunity to experience a Conservatoire and Professional Dance audition process followed by a Q&A with professional dancers Molly Walker and Neath Champion-Weeks. Molly studied at Antwerp conservatoire and is currently touring internationally as a dancer for Sadler's Wells associate artist, Michael Keegan-Dolan. Neath studied at Bird College of Performing Arts before taking up her role in the National Youth Theatre. Number of Places: 18</p>
	<p><u>English Pathways: from University and beyond</u> Come to hear from a number of ex BHASVIC English students about the best ways to transition from A-Levels to an English degree, and then how skills gained in your English degree might prepare you for a future job. Number of Places: 20</p>
	<p><u>Excel: The Big 5! of Microsoft Excel - skills that you NEED to be a spreadsheet whizz in any office/accounting/data analysis role</u> In a databased workplace (logistics, office admin work, data analysis etc) being a whizz at Excel is extremely valuable, and there are so many workers out there who do not know how to work efficiently and quickly with spreadsheets. I learned these skills in a job that I hated, and yet these skills have stuck with me and impressed time and time again wherever I go. Cut through the talk and rhetoric, and analyse the data for yourself i.e. adopt an evidence-based approach. Just like at work, in this activity you are going to be given reports full of numbers about student and teacher performance, and your job (yes, it is a job) is to build a workable spreadsheet that summarises this data into something meaningful. In the process, you will learn how to perform VLOOKUP, SUMIF, COUNTIF, nested if, LEFT/RIGHT, unique identifiers and more. Number of Places: 15</p>
	<p><u>Finance: The role of a Financial Advisor & a Career as a Chartered Accountant</u> This activity consists of 2 sessions – you will take part in both of them: The role of a Financial Advisor This session will provide details of how financial advisors prioritise the provision of finance products to clients. A short video followed by student participation in an interactive activity to see how you would fare in recommending these products. A Career as a Chartered Accountant ... and in this session, a former student who is now a Chartered Accountant with EY, one of the country's leading partnerships will talk about his experiences on the EY College Leavers Programme which enabled him to qualify as a Chartered Accountant at the age of 22 without a university debt. Number of Places: 50 (2 groups of 25, which will run concurrently and switch at half time)</p>
	<p><u>First Aid (1-day certificated course)</u> This 1-day course will allow you to explore basic First Aid skills such as bandaging, treatment of minor cuts and bruises, and how to deal with someone in shock. The course will also include CPR training. On successful completion of the course you will receive a certificate that will last for 3 years. Charge payable at the Cash Desk: £15 Places: 20</p>

	<p><u>I.T. company visit - The Student Room HQ</u> The Student Room is the UK's largest online student community and their HQ offices are next to Brighton Station. This business has opened its doors for us to visit on the 12th July. You will be able to find out about their products, work force and business operations, and you will also be able to try out some of their new products that could help you with revision or prepare you for university! You can also earn £10 by volunteering to test one of their products on the day. This test will take 30 minutes either before or after the visit. Number of Places: 25</p>
	<p><u>HOP (Hemsley Orrell Partnership) Engineering</u> Local company Hemsley Orrell Partnership (HOP), who do a range of types of engineering, will visit us to show what a day in the life of an engineer is like. Hear about routes into engineering and try out your engineering skills in a challenging task! Places: 24</p>
	<p><u>Jack the Ripper Experience</u> Being a History Tour Guide is big business and a rewarding career. What skills do you need? How do you get started? What knowledge do you need? Come with us to the East End of London and retrace the steps of the infamous killer as we try to unmask who 'Jack' was. You will literally teach each other the gory stories and study the evidence, as you become a History Tour guide in the making. Note that the trip is free BUT you must get a Zones 1-6 card so we can make a quick return to London Bridge Station. You need to buy your own card. Number of Places: 30</p>
	<p><u>Law – Crown Court Visit</u> Are you thinking of a career in law? In the morning students will visit a local Crown Court to view proceedings which will concern criminal offences. This will be followed by a question and answer session at the court with a senior judge and Q.C. Number of Places: 20</p>
	<p><u>Law - Oscar Pistorious Workshop</u> A highly interactive 'taster' workshop ran by the University of Law, where students will explore a high profile criminal case and listen to real eye witness accounts. Students will learn the background to the case; practice interviewing clients; create evidence based arguments; learn and implement cross examination Number of Places: 25</p>
	<p><u>Law - Writing Personal Statements and Studying Law at University</u> The Law department has invited the University of Law to run a session on the UCAS application process and how to write a personal statement that stands out. It focuses on how best to structure your personal statement and how you can showcase the skills you have picked up in school/jobs/extra-curricular activities. Added to this: Why should you study Law at University?; Why is Law a good degree to have?; How best to apply for Law at university; Top tips when studying Law at university; Why the University of Law might be the place for you. Number of Places: 24</p>

	<p><u>Marine Biology Experience Day</u> A day of hand-on practical activities at the University of Portsmouth's Institute for Marine Biology. An exciting opportunity to experience what it's like to study Marine Biology at a higher level whilst collecting samples of marine life in Southsea Marina and performing investigations in their state-of-the-art laboratories. Places: 30</p>
	<p><u>Maths - What does a career using mathematics look like?</u> Are you studying Maths but don't know exactly what careers there are open to you? Are you interested in hearing professionals discuss how mathematics has influenced their career? This activity will see a variety of speakers come to College to discuss the Mathematics in their careers. You will hear a wide range of speakers who will also invite questions. Our experts' specialisms include (geo)physics, signal/image processing, artificial intelligence and neuroscience, design engineering, banking and financial auditing. Number of Places: 100</p>
	<p><u>Maths at Uni</u> Ex-BHASVIC students will be talking about their experiences of studying mathematics at University, and will answer questions that you have regarding the structure of their course and other questions you may have. Number of Places: 20</p>
	<p><u>Medicine and Dentistry</u> Ex-BHASVIC students at varying stages of their careers will come to answer your questions about a life in medicine and the process of getting into medical school. What is it like to start medical school? How do you become a GP? How do you get the specialism you want? We will look at interview skills and try out the MMI interview format. Places: 50</p>
	<p><u>Merits and Pitfalls of History Documentary Making</u> During the day, we will be exploring the issues surrounding documenting history in a TV format. What are the problems? What are the benefits? In the second part of the day, we will then be making your own documentary in groups (with prizes for the best one). An interesting day for those interested in history or film making in general. Number of places: 22</p>
	<p><u>Modern Foreign Languages - Explore a future that involves continued study of MFL</u> This is a two-part session. In the first, you will meet some people who have studied a language at University and discover where that took them in their lives. In the second part, you will meet ex BHASVIC students who have gone on to university to do MFL recently. They will talk to you about the personal statement; the interview process for Oxford and Cambridge and their experience in their first few years at University. Please come with an open mind and any questions you may have. Number of Places: 22</p>

	<p>Motorsport Engineering and Brighton City (Shoreham) Airport Tour <u>ADDED 19 JUNE</u></p> <p>A chance to visit Northbrook Met college situated in the oldest UK airport and talk to a lecturer of their Motorsport engineering degree which is a rare opportunity to study lots of different aspects of the motorsport industry. The day will also include a tour of the historical Brighton City (Shoreham) Airport.</p> <p>https://www.gbmc.ac.uk/motorsport-engineering-fdeng-foundation-degree#overview https://www.gbmc.ac.uk/motorsport-engineering-bsc-hons#overview</p> <p>We will meet at Shoreham Station and walk to the airport. You will need to arrange your own travel for the day.</p> <p>Number of Places: 20</p>
	<p><u>NHS - Are you thinking of working as a nurse or with people with mental health needs?</u></p> <p>Sign up if you would like to find out about training to become a nurse. A senior lecturer from Brighton University will tell you all you need to know - how to apply, skills and qualities required, what you could be doing now to strengthen your application. What about working in the area of mental health? Our second speaker/s will give you an insight into the work they do e.g. Occupational Therapy, Community Mental Health work, mental health nursing.</p> <p>Number of Places: 22</p>
	<p><u>Plumpton College - Animal, wine or landbased degree taster</u></p> <p>Students get the train to Lewes station where they will be picked up by a Plumpton minibus. They will spend the day touring the different departments at Plumpton and hearing about the different degree courses. A minibus will drop them back off at the station.</p> <p>Number of Places: 15</p>
	<p><u>Politics: Careers in UK Politics & Government</u></p> <p>Do you want to work in Parliament or the Civil Service, or in a related career? On this trip we will meet parliamentary staff working for an MP, education staff at Parliament, a Civil Service Fast Stream trainee, a Civil Servant working in the Treasury and more. You will also be given a tour of Parliament, including both chambers, and will take part in a workshop simulating a select committee hearing. You'll be able to experience the scrutiny process - one of the most important roles that MPs undertake; and you can ask questions to our invited speakers, to find out how to build your CV for a career in politics.</p> <p>Number of Places:33</p>
	<p><u>Psychology Careers Day</u></p> <p>It's not easy to get to work in a career related to psychology without a degree and post-graduate degree qualifications. Psychology is one of the most popular A levels and degree courses, so how can we use psychology as a way in to our career? After a short key note speech by the head of psychology, you will be able to meet with a number of different practitioners and employers to list to their advice and stories on a 1-2-1 basis.</p> <p>Places: 100</p>
	<p><u>Recording Studio Visit to Small Pond</u></p> <p>An opportunity to visit a local professional recording studio and learn about how to set up a session, choose the correct mics as well as learning about mic placement, signal routing, mixing consoles, outboard FX and the principles of mixing.</p> <p>Cost: £7 plus personal travel on the day.</p> <p>Places: 15</p>

	<p><u>So you Want to be an Actor and Learn How to Fight</u></p> <p>The first half of the workshop will focus on audition technique with a focus on finding your authentic voice, exploring style and developing your audition technique. Run by actor, Annie Sutton, she will lead you through a series of workshop activities to really help you hone your performance techniques. Annie has worked extensively in the theatre and is a very experienced workshop leader. There will be opportunity to ask questions about working in the industry and what it is really like to work as a jobbing actor/director.</p> <p>The second part of the workshop will introduce you to stage fighting and violence from the Brighton based Action Emporium – A well-executed fight scene can make stage combat look easy – but, much like dancing, it must be intricately choreographed and extensively rehearsed to provide that authentic feel while remaining safe. A significant amount of entertainment relies on characters sustaining injuries. As teachers, injury is something anathema to our professional interests, but many a play requires some form of violence – be it a comical slap or a full-blown battle scene. The challenge at such moments is always how to make the fight look exciting and real without any of the actors actually getting a black eye. A good stage fight is a work of craft and more difficult than it looks. Anyone can choreograph a fight – but that’s not to say they will be any good. Fights need to have martial or character logic, they need to have a story arc, they need to work for an audience and, most importantly, be safe and repeatable. If you are interested in learning these skills then please sign up.</p> <p>Number of Places: 25</p>
	<p><u>Sports Industry Careers</u></p> <p>An opportunity for an insight into the skills, qualifications and practical elements required for various careers in the sporting industry. This includes guests from Sundial Chiropractors Clinic, Lead coaches from Albion in the Community, Personal Trainers, Sports Journalists and more. Please come in practical based clothing, such as tracksuit bottoms, shorts, trainers etc as these sessions may require some small practical based tasks.</p> <p>Number of Places: 50</p>
<p>Routes Into Teaching</p>	<p><u>Teaching - Routes into the Profession</u></p> <p>Are you thinking about applying for teaching after College or in the future? Want to know your options and what it means to be a teacher? We will be looking at the different routes into teaching at different levels and what teachers have to think about in the classroom. You will be given information on all these areas and have a chance to plan and deliver a task yourself.</p> <p>Places: 22</p>
	<p><u>Visual Arts Careers (Fine Art, Photography, Textiles & Graphics).</u></p> <p>Sign up to listen to guest speakers talk about their experiences making a living as a creative professional. You are invited to ask questions and participate in discussion.</p> <p>Number of Places: 100</p>
