INTRODUCTION

The BHASVIC Widening Participation (WP) team would like to take this opportunity to introduce you to the widening participation scheme & provide you with details of some of the exciting opportunities available to students in our WP cohort.

This newsletter is intended to summarise the main activities currently being offered by our local universities whilst also informing you of other opportunities that may be appropriate from further a field. Most events are free of charge, but where there is a cost implication, it will be highlighted. It is important to check eligibility criteria for each activity as this will vary from scheme to scheme.

Please also be aware that some of the closing dates of the events are fast approaching, so don't delay, read today!

WHAT IS WIDENING PARTICIPATION?

The aim of Widening Participation (WP) is to offer additional information and support to students from groups who are currently under-represented in higher education in the UK including first in the immediate family to consider university, specific postcodes, young carers and a variety of other factors.

Our WP programme is intended to support students to make informed choices about their options when they leave BHASVIC, including investigating the possibility of moving on to university. This could be something they wish to consider in the future, if not right now.

Being part of our WP cohort and registering for any scheme does not place any obligation on a student to go onto university.

We work closely with our local partners - the Universities of Brighton and Sussex, UCA and Into University, with each university's WP scheme having their own, usually similar, eligibility criteria. This enables us to offer a programme that is designed to help WP students explore their future options, make informed choices and develop their full potential. We also provide details of upcoming opportunities from other education providers and organisations who are offering taster days as well as careers information and support.

We have identified eligible students so we can signpost them to various support services.

If a student is eligible for the Into University programme, then they will be sent a link to complete. This scheme has a smaller cohort than the universities and eligible students will be given the opportunity to register.

OUR PARTNER UNIVERSITIES

University of Brighton

***Outreach
Brighton***

The University of Brighton offers a range of events and talks for college and sixth form students, parents and carers. We provide opportunities to students from backgrounds under-represented in higher education to support their progression to university.

What does the widening participation programme include?

We offer events and activities including:

- taster lectures, workshops and campus tours
- summer schools
- one-to-one support with writing personal statements
- help in preparing for interviews
- advice and seminars on applications, entry requirements, finance
- advice on the wide range of university courses
- updates on upcoming events and visits
- A chance to apply for **Brighton Boost**

These activities aim to provide impartial information, advice and guidance to students making decisions about higher education.

We will contact BHASVIC students to invite them to participate if they wish to do so, and benefit from the activities and support on offer.

Surrey Scholars is the award-winning sustained programme of extracurricular outreach from the University of Surrey for students in Years 9 to 13.

As a Surrey Scholar, learners receive support with GCSE and Post-16 study in addition to advice and guidance towards progression into higher education and beyond.

Scholars will receive priority status to attend our flagship programmes, as well as exclusive access to online and on campus events.

All Surrey Scholars are eligible to receive a reduced entry requirement when applying to study at the University of Surrey

Belong at Birmingham is the newest strand of our **Pathways to Birmingham programmes** running at the University since 2000. Belong at Birmingham supports students from backgrounds currently underrepresented within higher education in learning more about university-level study.

In the pilot year of 2024/25, we are limiting applications to Belong at Birmingham to eligible students who attend one of our 40 identified Belong at Birmingham partner schools and colleges.

The programme is open for students who will be in the final year of studying for A level or equivalent qualifications in the academic year 2024/25.

Completing the programme will bring you many benefits including an alternative offer and funding. We encourage you to explore our programme information and eligibility criteria. If you meet the eligibility, we hope you consider applying. Applications for the programme are open. **All applicants must submit their application by 30 November.**

AMBITION: 16-18

Ambition is a free, two-year scheme for all Year 12 students and Year 1 vocational students from anywhere in the UK. The programme takes place online although there may be an opportunity to visit campus at some point during the programme. Applications are now open until Sunday 1st December 2024, the programme events will begin in January 2025.

The activities support progression and application to a university of your choice. Examples of past activities:

- Subject taster sessions with university academics
- Q&A's with current students
- Information on how to choose your course and university, student finance and accommodation
- Advice and guidance on university selection processes

Is it for you?

This programme is designed to provide you with more information about university and help you make the decision on the right course and university for you.

You must be studying in the first term of your level 3 qualifications. These may be A-levels, BTECs, International Baccalaureate or equivalent that would allow progression onto university.

The programme is open to students who are wishing to study a range of different subjects. We will aim to provide a range of arts, social sciences, health care and science information however, we will not be able to cover all subject areas through our events.

Applications are now open until Sunday 1st December 2024.

ASPIRING PROFESSIONAL PROGRAMME

The Aspiring Professionals Programme (APP) is carefully designed to open up professions for those with the ability to join them in the future, but without the means or networks to get there.

We aim to give young people a real insight into top professions and to provide them with the skills needed to achieve their aspirations. We offer support through our four pillars:

- Mentoring by a professional via email
- Tailored skills sessions and career workshops
- University application support and guidance
- Internships with top employers

Students complete one application to the APP but the strand they are on and therefore how they receive our four pillars of support depends on where they live.

[MORE INFORMATION](#)

Applications are open now for A1 students and usually close in December (exact date to be confirmed)

This is a fantastic opportunity so please visit the website to check your eligibility.

ACCESS TO LEEDS SCHEME

Access to Leeds is our contextual admissions programme for UK undergraduate applicants. It offers additional consideration for applicants based on their personal circumstances.

If you join us through Access to Leeds, you will benefit from:

- the chance to study an undergraduate degree with entry requirements up to two grades lower than our standard offer. For example if the standard entry requirement for your course is AAA at A-level, the Access to Leeds offer could be ABB.
- a study module, support and events to help prepare you for university
- on-course support through our [Plus Programme](#)
- additional consideration if you apply for a means-tested scholarship.

Health Sciences Outreach

The Health Sciences Outreach Team deliver outreach and widening participation activities on behalf of the Faculty of Medicine and Health, at the University of Leeds. Representing a wide range of undergraduate programmes, the team works alongside current students and academics to provide an extensive range of talks, workshops and subject taster sessions, aimed at raising the aspirations of students, inspiring them to pursue a career in healthcare through university education.

Our activities raise awareness of the various healthcare professions available and support students at every stage of applying to higher education, with events taking place both at the University of Leeds and in schools and colleges nationwide. Many of our activities are targeted, so that we reach and support those students who are underrepresented at university in our subject areas, aligning with our Access and Participation Plan commitments to the Office for Students

Contextual offers take social and economic factors that may have prevented you from reaching your true academic potential into account.

We know that some students face significant barriers during their journey to university. Contextual offers promote fairness and diversity in our community of talented students.

With a contextual offer, UK students can receive a reduced offer of up to three grades below our typical entry requirements. You'll apply to York via UCAS and our admissions team will review your application.

York has a widening participation programme, if you've taken part in that tell us in your UCAS application as it's one of the criteria we use to make decisions on contextual offers.
