INTRODUCTION

The BHASVIC Widening Participation (WP) team would like to warmly introduce you to the first widening participation newsletter of this academic year, which provides you with the details of some of the exciting opportunities available to students in our WP cohorts, both first and second years.

We have summarised the main activities currently being offered by our local universities and organisations whilst also informing you of other nationwide opportunities that may be appropriate. Most events are **free of charge**, but where there is a cost implication, it will be highlighted. It is essential to check the eligibility criteria for each activity as this will vary from scheme to scheme and by organisation.

Please be aware that some of the closing dates of the events are fast approaching, so don't delay, read today!

What is Widening Participation?

The aim of Widening Participation (WP) is to offer additional information and support to students from groups who are **currently under-represented in higher education** in the UK, including first in the immediate family to consider university, targeted postcodes, young carers and a variety of other factors.

Our WP programme is intended to support these students to make informed choices about their options when they leave college, including investigating the possibility of moving on to university. This could be something they wish to consider in the future, if not right now.

Being part of our WP cohort and registering for any scheme does not place any obligation on a student to go on to university.

We work closely with our local partners - the universities of Brighton and Sussex, UCA and Into University, with each university's WP scheme having their own (usually similar) eligibility criteria. This enables us to offer a programme that is designed to help WP students explore their future options, make informed choices and develop their full potential. We also provide details of upcoming opportunities from other nationwide providers and organisations.

We have identified eligible students who fulfil at least one criteria so we can signpost them to various support services. Note, that **not all activities are open to every student who is in the WP programme**. Each university's WP eligibility criteria will need to be checked before applying to see if the criteria is met. Requirements can vary from university to university.

Students - **for more information about about contextual offers, scholarships and bursaries, take a look at the Sharepoint page.**

MORE INFORMATION ON THE BHASVIC WEBSITE

Young Carers WP Information

We like to support young carers at college and recognise that caring responsibilities, although sometimes rewarding, can be challenging to manage alongside studies.

You are a young carer if:

- are aged 16-25
- have unpaid caring responsibilities for someone with
  - an illness or disability,
  - a physical or mental health condition,
  - an addiction/substance misuse issue.
- Care could be temporary or long term.

Young carers are entitled to lots WP opportunities and many universities provide specific support.

Some universities will give contextual offers for students that disclose through their application form that they are young carers. Students can check this by speaking to the admissions departments at each of the universities they are interested in applying to, or checking the contextual offers tool supported by the Sutton Trust on the **next page.**

Please inform your tutor and let **Lucy Foss, Young Carers Lead know (either by Teams message or email l.foss@bhasvic.ac.uk)**, so we can include you on the Young Carers Teams and notify you of upcoming opportunities.

2026 Contextual Offers Tool for UK Universities

This **helpful link** published by the Sutton Trust shows at a glance which WP criteria is used to make offers to potential applicants. Please remember that offers are also awarded on a case-by-case basis for extenuating circumstances outside of these criteria.
Visit the link to see all the universities listed and what they can offer.

Our Partner Universities & Organisations

University of Brighton

The University of Brighton offers a range of events and talks for college and sixth form students, parents and carers. They provide opportunities to students from backgrounds under-represented in higher education to support their progression to university.

What does the widening participation programme include?
They offer events and activities including:

- taster lectures, workshops and campus tours
- summer schools
- one-to-one support with writing personal statements
- help in preparing for interviews
- advice and seminars on applications, entry requirements and finance
- advice on the wide range of university courses
- updates on upcoming events and visits
- A chance to apply for financial support with **Brighton Boost**

These activities aim to provide impartial information, advice and guidance to students making decisions about higher education.
The university will contact BHASVIC students directly to invite them to participate in the programme.

Year 13 students who require support or feedback for their **draft** personal statements can book an online slot at a convenient time. **(see page 20).**

Funding to support travel costs to University of Brighton - Students from BHASVIC can apply for funding for travel to events and trips that support WP awareness and understanding of education options.

To be eligible to apply, you need to email outreach@brighton.ac.uk.

All BHASVIC students are eligible for contextual offers for certain courses - please enquire with Admissions to find out more.

Our Partner Universites & Organisations

UNIVERSITY OF SUSSEX

Want to understand your options and experience university life? Be part of the University of **Sussex's Inspires Programme 2026-27**. **You can sign up here.**
The programme is completely free and includes a series of visits to the University of Sussex campus. **Deadline to apply is Sunday 22 November 2026**

Contextual Offers
As a registered student on the University of Sussex Inspires Programme you will be eligible for a contextual offer if you go on to apply to study at the University of Sussex. This usually means a reduction in entry requirements of 1-2 grades, but some exceptions apply.

Our Partner Universities & Organisations

Into University

Like the universities, Into University offers support for students thinking about going into higher education through years 12 and 13.
In the past, they have run many events and opportunities.
In addition to this Into University also offer employability support 1:1's, personal statement sessions and personalised support to a small cohort of students that meet the eligibility criteria.
Into University will contact those students that are eligible to join their programme.

Explore Oxbridge supports students to develop skills, explore their academic interests, prepare their university applications, and learn more about the University of Cambridge and the University of Oxford.

It is currently delivered through a mixture of in-person and virtual delivery, as well as day and residential trips. While most of the programme involves group workshops and webinars, students who are currently in their final year at college are offered personalised one-to-one support with their applications.

Any IntoUniversity student who wishes to take part in Explore Oxbridge is welcome. **Apply here.**

Big City Bright Future for year 13s is an annual three-week paid work experience programme created especially to help college leavers who aspire to work within competitive industries. This year **IntoUniversity** is partnering with 20 globally-recognised firms to run the programme.

The programme offers internships in the fields of Asset Management, Investment Banking, Law, Technology, Consultancy, and more. This programme is not just for students who know they want to work in these fields. All students are welcome who are motivated, would like to develop their transferable skills, are willing to try their best and work hard.

Year 13 IntoUniversity cohort students are encouraged to sign up for their Prep Sessions to learn more about the programme before applications open on Friday 4th December 2026. **Apply by 10 January 2027**

Our Partner Universities & Organisations

UCA
University for the Creative Arts

Embrace your inner creative and develop your passion into a successful career with **UCA**. Discover their specialist creative degrees taught in Canterbury, Epsom, and Farnham. Vibrant campuses. Get industry ready.

UCA provide talks and workshops – Introduction to UCA, Creative careers, portfolio workshops, UCAS personal statement sessions and campus visits can be arranged. More information will follow throughout the year.

For BHASVIC students that apply and are successful in gaining a place on a degree course, the university offers a partner scholarship of £500.

Current Opportunities

Apply in November

IMPERIAL

Year 12 mA*ths Online Programme - Apply Now

For A-Level students in **Year 12** & considering studying a numerate degree at university.

The Year 12 mA*ths and Further mA*ths Online Programmes (supported by the Hg Foundation) aim to support A-level Mathematics students who are considering studying a numerate degree at university.

Build your confidence and develop the skills needed to achieve an A* at A-Level in Maths or Further Maths. Participants will be provided with tailored online support and attend two in-person masterclasses at Imperial, working with academics and current Imperial students.

Find out more on the **mA*ths Online** and **Further mA*ths Online** programme pages to find out the eligibility criteria and how to apply.

Applications for both programmes close on Tuesday 24 November.

For any queries, please contact mathsonline@imperial.ac.uk.

Apply in November

OXFORD BROOKES UNIVERSITY

Brookes Engage is a free subject-based programme designed to support you in making decisions about your next steps after school or college through the following activities.

This includes onsite campus conference days, online content, mentoring from current students and a summer school experience.

Successful completion of the programme will give you access to a contextual offer to study at Oxford Brookes; this is usually around two grades lower, but can vary per course.

Apply by 5pm 9 November 2026.

Queen Mary University of London

Access to Queen Mary supports the entrance of students under-represented at Russell Group universities to study at Queen Mary.

Through an 18-month programme of activities, they aim to help students become more prepared for and successful in higher education. Students who successfully complete the programme will not only have benefited from tailored academic and pastoral support but also from consideration for a contextual offer to Queen Mary. This is based on being within a commutable distance from their Mile End Campus.

Applications are encouraged from London, Greater London, Kent, Medway, Essex, and other commutable areas. Before applying, please carefully read the full eligibility criteria and ensure you understand the expectations of the programme, including the time commitment required.

Apply by 13 November 2026.

Apply in November

Next Step York is an opportunity to independently study ahead of University; you can pick a range of virtual and in person modules suited to your interests to gain 100 credits, before progressing to the second year of the programme.

By successfully completing the programme, you are guaranteed an interview or offer, and it could lower your entry requirements by up to three grades lower than standard.

Apply by 9am 18 November 2026.

Black Access to York is a student-led initiative called 'For Black Students, By Black Students'. It aims to support black students and amplify their voice and experience in a currently underrepresented student body.

By successfully completing the programme, you are guaranteed an interview or offer, and it could lower your entry requirements by up to three grades lower than standard.

Apply by 9am 18 November 2026.

Apply in November

UNIVERSITY OF LEEDS

Leeds Futures is a national outreach programme designed for learners in Year 12. It provides students with the opportunity to learn more about a subject area they are interested in pursuing at university, whilst developing their study skills and careers awareness.

Students enrolling on the programme choose to specialise in a particular subject area. They will then attend a variety of subject-related activities alongside receiving advice and guidance on practical matters such as UCAS applications, accommodation choices and student finance.

This programme is ideal for students who have a clear idea of what subject they are interested in studying at university and have a preference for mainly online sessions with at least one on campus visit held at the University of Leeds.

Students sign up, individually, to a subject-specific Futures strand and take part in a sustained series of activities throughout Year 12 until the point of submitting their UCAS application in Year 13.

Over the course of the programme, students will experience what it's like to study a particular subject at the University of Leeds. They will take part in after-school live webinars, Q&A sessions with existing students, and attend on-campus taster days.

Apply

Applications for Dentistry & Medicine, Healthcare and Psychology strands are now open and will close on **Sunday 22nd November 2026.**

Applications for all other Leeds Futures programmes **will open Monday 23rd November 2026 and close Sunday 31st January 2027.**

.

Apply in November

Introduction to the Fulbright US Programme

The Sutton Trust Fulbright US Programme is a once in a lifetime opportunity to explore what studying in the US is like. It will give you a taste of what it's like being an international student in the US and help you see if it could be the right fit for you. It's a fully-funded programme so we'll cover all costs, including travel, residential events, accommodation and food.

Eligible applicants must:

- Currently be in Year 12 in England and Wales
- Attend, and have always attended, a state-funded, non-fee paying school/college
- Not hold US citizenship
- Be from a low or middle income family (generally, this will mean a household earning £50,000 or less)
- Be interested in US culture and higher education

Additional criteria:
In addition we are looking for students who:

- Have excellent GCSEs qualifications. This means you have achieved at or close to the following grades. At least eight GCSEs at grade A or 7 or above, or near this level.
- Would be the first generation of their family to attend university
- Have been eligible for Free School Meals whilst at secondary school
- Attend a school or college with a below-average attainment and/or a low rate of progression into the top third of higher education institutions
- Live in a neighbourhood with a low rate of progression into higher education and/or a high level of socio-economic deprivation
- Have been looked after or in care

The more of these you meet, the more likely you are to get a place on the programme.
There is room on the application form and teacher reference to explain any extenuating circumstances that might impact your application.

Apply in December

University of Nottingham

Ambition is a free, two-year online scheme for all Year 12 students. The activities support progression and application to a university of your choice. Examples of past activities:

- Subject taster sessions with university academics
- Q&A's with current students
- Information on how to choose your course and university, student finance and
- accommodation
- Advice and guidance on university selection processes

Apply by 6 December 2026.

Lancaster University

The **Lancaster Access (and Access to Medicine)** course offers the following:

- Extra consideration and a lower offer on application to Lancaster
- Access to a dedicated online portal and resources
- Opportunity to participate in a variety of exclusive events and subject activities
- Dedicated contact with Lancaster staff and student ambassadors
- Priority access to their **Success Programme.**

Apply by 11 December 2026

Apply in December

UNIQ is the University of Oxford's access programme for UK state school students in their first year of further education (Year 12).

UNIQ is a completely free programme, aiming to help support you to consider your educational options, decide if Oxford is right for you, and to make successful applications to Oxford.

UNIQ offers both an in-person residential and an online support programme, running from April to November. It features a mixture of activities, including evening webinars and online workshops designed to help you in your journey to university, from application support, to supercurricular activities, to information on student life, clubs and societies, financial support, and more.

They prioritise places for students with good grades from backgrounds that are under-represented at Oxford and other universities. Every year more students from diverse backgrounds get offered places at Oxford with help from UNIQ.
Applications open in December 2026

SMF - The Aspiring Professionals Programme (APP) is designed to open up professions for those with the ability to join them in the future, but without the means or networks to get there.

This is done through the following pillars:

- Mentoring by a professional via email
- Tailored skills sessions and career workshops
- University application support and guidance
- Internships with top employers

Based on location, you could be eligible for 'APP Reach', their virtual pathway, or be offered residential work experience in London in one of the following industries: Banking & Finance, Business, Digital, Law, Media & Comms, Politics, and Medicine.

Deadline Friday 12th December at midday

Apply in January

University of Reading

The Reading Scholars programme aims to give Year 12 students a real taste of life as a university undergraduate, and provides practical support as participants begin their higher education application process. Featuring input from leading academics and current undergraduate mentors, the programme will challenge participants academically and enhance current studies.

Like most provisions, you have a guaranteed conditional offer and invite to interview, in addition to a two grade drop in terms of grade boundaries. **If Reading is your first choice, you could obtain a £1000 bursary for your first year of study.**

The programme is run by the University of Reading. The 2026 programme consisted of three on-campus events (two one day events in March and April), and a 4 day residential in July) with online e-mentoring throughout provided by current students.

Though all events are planned to be on-campus, if required virtual events may replace in-person events and dates may be subject to change due to matters beyond our control such as strikes. Whether virtual or on-campus, activities include support from student ambassadors, university-style subject-specific and study skills sessions, and working towards an academic project as well as information, advice, and guidance sessions

Check website in December - for confirmation of opening dates for the 2027 programme.

The **Next Step Bristol** programme is a fantastic opportunity for students from Asian or Black backgrounds to experience the University through a series of virtual events. **The form for students entering Year 13 in September 2027) is now open and on the website**.

All virtual events will run during after-school hours and in less busy periods of your school year.
Throughout the year there will likely be around five online sessions and the opportunity to attend one on-campus event with a travel bursary to support your attendance. An example of these dates could be are below:

- Next Step Bristol: Enrolment Event | 29 October | 5:00pm to 6:30pm
- Next Step Bristol 1: Launch | 5 November | 5:00pm to 6:30pm
- Next Step Bristol 2: Academic Sessions | 12 November | 5:00pm to 6:30pm
- Next Step Bristol 3: Student Life and Wellbeing | 19 November | 5:00pm to 6:30pm
- Next Step Bristol 4: Careers and Next Steps | 26 November | 5:00pm to 6:30pm
- Next Step Bristol 5: Campus Day (In Person) | 28 November | 10:00am to 3:30pm

Exact dates and times will be confirmed upon joining the programme.

Guaranteed contextual offer to the University of Bristol
If you successfully complete the Next Step Bristol programme, you may be eligible for a guaranteed contextual offer or interview to study at Bristol, depending on the course(s) you apply for, and provided you meet the contextual entry requirements for that course.

Please apply ASAP as they expect a high volume of applications.

Year 13 Opportunities

Apply by January

Through the **Newcastle University PARTNERS Programme** you could:

- Receive a lower contextual offer to Newcastle University.
- Attend the PARTNERS Academic Summer School.
- Develop skills necessary to be a successful student.
- Meet other students and increase your confidence.
- Receive support through the application process, on results day and after entering the university.

Apply via UCAS

Access to Leeds is a contextual admissions programme for UK undergraduate applicants. It offers additional consideration for applicants based on personal circumstances, including:

- the chance to study an undergraduate degree with entry requirements up to two grades lower than our standard offer. For example if the standard entry requirement for your course is AAA at A-level, the Access to Leeds offer could be ABB.
- a study module, support and events to help prepare you for university
- on-course support through the Plus Programme
- additional consideration if you apply for a means-tested scholarship.

Please note that we are unable to process an Access to Leeds application unless you have already submitted your completed UCAS application.

Apply by 21 January 2027

Year 13 Opportunities

Into University

IntoUniversity's Explore Oxbridge Programme is now in its sixth year, and we've made a few changes! See below for information on new changes to the programme, the support available, how students can join, and the answers to some frequently asked questions.

Explore Oxbridge is a multi-year programme for students to access online workshops, webinars and newsletters designed to develop their knowledge and academic skills for 'high-tariff' universities including the University of Oxford and the University of Cambridge.

For the Oxbridge Cohort we are looking for students who are especially dedicated to and passionate about attending a high-tariff university in the future, who would benefit from the additional support available to explore their future options and develop the academic skills and knowledge to make a competitive application in the future.

Cohort students are expected to attend all workshops per year across the programme.

To sign up, students should complete this form

Year 13 Opportunities

Northumbria University NEWCASTLE

Destination Northumbria is a transition programme, supporting WP offer holders to enter University confidently. This includes the following provision:

- Peer support from current students
- Social events to get a taste of student life
- Connect with other Destination Northumbria students
- On campus events to familiarise yourself with NU and Newcastle
- Series of webinars/podcasts providing information and guidance
- Guaranteed interview for paid rep roles
- Incentives for those who complete the course* Financial awards available upon successful completion, to support your first year at Uni

They also give contextual offers and up to 8 tariff points to WP students.

Programme begins in February 2027.

PERSONAL STATEMENT HUBS

Would you like some help crafting your personal statement? Have a look at these three universities below that offer free online support at a time that is convenient. You do not have to apply to these universities to take advantage of this offer.

- **The University of Brighton** is delighted to be able to offer one-to-one personal statement support for students of our partner colleges. Please note you will need to be able to access Microsoft Teams to be able to attend the meeting. This can be accessed through a browser or by downloading the Microsoft Teams app.

- **University of Sussex -** In the process of writing your personal statement? If you're applying to university this year, now is the perfect time to start working on your personal statement. To support you, here is a Personal Statement Workshop recording and a Workbook packed with tips, activities, and guidance to help you reflect on your experiences and strengths.
  Access the recording or download the workbook

- **The University of Portsmouth** - Your UCAS personal statement is uniquely yours. It's the story you tell when you apply to uni. But writing it can be tricky. There are things it needs to include and common mistakes to avoid. Watch videos, get top tips and download our help sheets. It's for you to write your story, so you can show your strengths, ideas and passion to your chosen universities. You'll also be able send us your draft, so you can get feedback and feel confident about what you've written.

USEFUL WEBSITES

Bursaries & Scholarships

Take a look at this really useful guide that gives you information about what universities can offer. Each university listed has a QR code to take you directly to their financial support page.

Bursaries & Scholarships

Support for those going to university

Explore the UK's **largest hub** on all types of funding to help finance your education and development. You can apply directly for:

- Scholarships
- Grants
- Bursaries
- Hardship funds

Also included is the **Leathersellers' Undergraduate Student Grants Programme** provides grants up to a maximum of £5,000 per year with a yearly review. The grant is unrestricted, and you may therefore spend it wherever your need is greatest, whether that be towards your living costs, equipment or travel for your course or fees etc.
Closing date for applications is 4 March 2027.

UCFB Bursaries & Scholarships

UCFB's Access and Widening Participation (AWP) schemes and programmes included:

- **The UCFB scholarship schemes** encourage students to enhance their time studying with us and graduate with more than just their university degree. Available at both Undergraduate and Postgraduate levels of study, we are committed to enhancing the employability of all students accessing higher education.

These initiatives not only offer students the chance to gain a number of individual skills that will enhance their CV but also increase employment prospects and enhance their overall experience.

- **The UCFB Undergraduate Bursary Scheme** is intended to help level the playing field for undergraduate students from lower income, disadvantaged and traditionally under-represented backgrounds in Higher Education (including students from low income households and those who are a care giver, single parent, students with a disability, independent learner, female student or from a global majority group) to ensure that higher education is available to everyone.

USEFUL WEBSITES

University of London Taster Courses are free short courses at 13 participating universities in and around London. They are designed for school students, usually in year 12, to get an insight into studying a particular subject or subject area at university. Sign up for emails so additions to the website go straight to your inbox.

UCL have a variety of different provisions; **UCL Expand, UCL Experience & UCL Medical Sciences Taster Days.**

All of the events and activities are designed to give students a greater insight into UCL's degree programmes and student life. UCL also seek to raise the aspirations of students from groups who are under-represented at university.

STAART at University of Greenwich is an inclusive initiative, started in 2007 in partnership with Aimhigher. They provide impartial information and guidance to post-16 future and current disabled students and continue to develop to meet the requirements of disabled students, including those with neurodivergence or mental health challenges.

You can access their support through transition days, events, social media and their bulletins, which are run by current beneficiaries of the programme.

PwC, a networking firm for the 'Big Four' in finance, offer **Virtual Classroom programmes** to help you gain specialised experience. Focused on a particular topic within the industry, the Virtual Classroom sessions run as a series of events, giving you insight into who PwC are, and opportunities such as their **Flying Start and School and College Leaver joiners.**

They also have a wide range of other resources, such as their Employability Hub, a collection of YouTube videos and their Back to Schools recordings to access at a time that suits you.

Other Opportunities

Bright Stars University Scholarship: Supported to explore your future career. At Specsavers, they use the latest technology to care for patients and make a real difference every day. Successful applications will be matched with a local practice gaining valuable part-time experience alongside studies + financial support throughout your degree, up to a total of £10,000.

Register interest here

Unite Foundation provides scholarships and support to care leavers and those estranged from their parents. Its aim is to ensure they can have a home at university that is rent-free, with accommodation and bills covered for up to 3 years of study.

This is including the entirety of the Christmas and Summer holidays, and can be extended to the year after graduation to help them plan their next career move. The Unite Foundation team can help you settle in, keep in touch and offer opportunities for employment and enjoyment.

27/28 cycle opens on 1 January 2027.

Supporting eligible home undergraduates starting in September 2027 with a Cost of Living Bursary of £500 or £750 a year. Helping with the cost of travel, accommodation and day-to-day expenses while you study.

No need to apply - Every student who meets the criteria will receive the bursary.

All About School Leavers - if you are considering doing an apprenticeship,
school leaver programme or sponsored degree, you will also need to start thinking about which industry you'd like to work in.
In the UK, there are apprenticeships available in all kinds of industries, from accounting and digital media to construction, engineering and IT. You are spoilt for choice. That's why it's important to start finding out about all of the different industries you can enter.

Access Accountancy is a movement for change across the accountancy profession. Accountancy firms, organisations and professional bodies in the sector have committed to delivering real change by welcoming talented and ambitious young people to the profession from all backgrounds.

They recognise that work experience placements are a great opportunity to learn more about the accountancy profession. A number of employers have signed up and committed to offering work experience placements where you'll get to explore what the day-to-day life of an accountant is like, while also gaining new skills and enjoying new experiences.

Amazing Apprenticeships

As a parent or carer, you want to be able to guide and advise your child towards the best opportunity for them. So, where do you start? If university is not for your young person, this website provides lots of resources for both students and their parents and carers.
There are many options available including apprenticeships, T Levels and HTQs.

Being open-minded about the range of opportunities, and equipping yourself with knowledge and information is the best way to build your confidence, and ultimately to support your child to make the best decision for them.
Through this Parent Zone, we aim to help you to explore those options.

PARENT & CARER ZONE
EXPLORE THE OPTIONS TO SUPPORT AND ADVISE YOUR CHILD

NMITE NEW MODEL INSTITUTE FOR TECHNOLOGY & ENGINEERING

NMITE (University for Engineers) Explore what this organsation can offer in terms of less traditional courses and the financial support available **including bursaries and scholarships** that can be accessed.

This is a forward-thinking organsiation that provides a more practical approach to learning with a move away from traditional exams and entry requirements.

Please note that the tuition fees are higher however you might find elsewhere however these could be offset by the financial help listed.

.

There's lots of new language to get our heads around when applying for university, hopefully this quick guide to jargon busting, brought to us by the University of Portsmouth helps to navigate the world of offers, entry and clearing
